EDUCATOR'S WORKSHOP

DISCOVER THE MANY BENEFITS AND OPPORTUNITIES
OF THE UNITED STATES MARINE CORPS

Dear Educator,

On behalf of the United States Marine Corps, I would like to extend a personal invitation for you to attend an Educator's Workshop at Marine Corps Recruit Depot San Diego, California.

Since 1775, the Marine Corps has strived to produce not only the finest warriors, but the finest people as well. Ours is an organization built around success, and the opportunity for growth and advancement. We are fiercely proud of our traditions and the way in which we make Marines.

We look forward to sharing the process with you.

Please let us know if we can answer any questions you may have regarding the workshop.

Semper Fidelis,

Commanding Officer
12th Marine Corps District

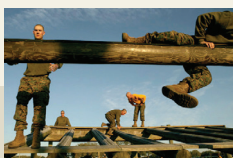

HONOR

The Educator's Workshop is designed to do more than any brochure about the Marine Corps ever could. The workshop allows you to see firsthand how Marines are made, what they stand for, and the many benefits and opportunities that come with earning the title.

THE MARINE CORPS IS AN INSTITUTION, LIKE YOURS, THAT FOSTERS A CULTURE OF CONTINUAL LEARNING.

During the five-day workshop, you will have the opportunity to have every question answered with complete candor by Marines, and most important, obtain the information needed to help you and your students make an informed decision about their future.

COURAGE

THE THREE COMMITMENTS

As much as service in the Marine Corps ensures the future of our nation, it also creates a better future for those who serve. To that end, the Marine Corps makes these commitments:

WE MAKE MARINES

WE WIN OUR NATION'S BATTLES

WE DEVELOP QUALITY CITIZENS

The Marine Corps is a family that takes care of its own in every single way. Whether a young man or woman stays in the Corps for a few years or an entire career, there is a vast network of Marines and former Marines ready to help him or her succeed in every possible way.

COMMITMENT

MAKING AN INFORMED DECISION

It is our sincere belief that educators who attend these workshops become better educators themselves. By taking advantage of this unique opportunity, you will be better equipped to help your students make the right decision about a future in the Marine Corps.

It is important to your students that you know as much as possible about every career choice. And it's important to the future of our nation that you know about the Marines.
