January 16, 2009

TO: Superintendents, Principals and Athletic Directors
FROM: Mike Wallmark, Associate Executive Director
Peter Weber, Assistant Executive Director
SUBJECT: Update on the Proceedings of the Classification and Districting Committee

The Classification and Districting Committee for the 2010-2014 four-year time block met at the OSAA Office in Wilsonville on January 12, 2009, to receive testimony and review written communication thus far received.

Following a welcome from OSAA Executive Director Tom Welter, the Committee received a review of the Classification and Districting Timeline and Process from Associate Executive Director Mike Wallmark.

In addition to Committee members, there were approximately 100 other attendees at the public meeting. The Committee received testimony for three hours from twenty-eight school, league and other representatives. The Committee then adjourned to a closed work session to review and discuss the testimony and written correspondence received.

Following extensive discussion, the Committee reached consensus on the following issues.

- The primary focus of most of the testimony and written communication received by the Committee was an expression of concerns about excessive travel under Classification Committee Proposal #1 distributed by the Committee following the November 17 meeting. Committee members recognize that the travel issues expressed relate to a number of specific concerns including loss of class time due to travel, excessive financial burden on districts, participants and their parents due to travel, reduced opportunity for visiting team supporters to attend games due to travel, reduced gate receipt income due to travel by the visiting teams, and safety concerns- especially due to winter travel over mountain passes. Committee members recognize that consideration of travel issues is both required by OSAA regulations, and is a high priority for affected member schools.
- The Committee will continue to investigate “the feasibility and advisability” of proposals to address the other two issues contained in the “Charge” from the Executive Board: “Improving public/private competitiveness,” and “Adjusting ADM based upon socio-economic status.”
- The previously released Classification Committee Proposal #1 was unsatisfactory in its current form. A revision of Proposal #1 and other options need to be considered regarding cut-off points and league alignments during the next time block. Toward that end, the Committee instructed staff to distribute three different approaches to reclassification for consideration by the OSAA membership and feedback to the Committee:
 - Classification Committee Proposal #2 is a Six-Classification Alignment with adjusted cut-off points from those currently in place, and revision of a number of specific school placements as compared to Proposal #1.
 - Classification Committee Proposal #3 is a Six-Classification Hybrid Alignment which includes four “hybrid” leagues that contain schools from multiple classifications. The hybrid leagues are regional leagues specifically created in an attempt to reduce travel for the schools in those regions. If a hybrid approach were to be adopted, the league schedule would be established by each hybrid league, and schools from the hybrid leagues advancing to the state playoffs would compete in their respective classification levels.

Oregon School Activities Association
25200 SW Parkway Avenue, Suite 1
Wilsonville, OR 97070
503.682.6722 fax 503.682.0960 www.osaa.org

- Classification Committee Proposal #4 is a Five-Classification Alignment that includes elements of several five classification approaches reviewed by the Committee.
- The Committee instructed staff to post copies of all proposals submitted to the Committee thus far, and any future proposals received, on the OSAA website for review by any interested party. Proposals are posted at the following link: <http://osaa.org/governance/committees/classification/proposals.asp>

Written suggestions and proposals on these issues, as well as other classification related subjects should be mailed or emailed to the OSAA (peterw@osaa.org). Any communication received by the OSAA will be shared with all committee members for review and discussion. As indicated above, any alignment proposals will be posted on the OSAA website. And, of course, public testimony will also be welcome at the next Committee meeting.

The next public meeting of the Classification and Districting Committee will be at 9 a.m. on Monday, February 23, 2009. In order to provide more room for attendees, the meeting will be held in the Shriners Headquarters Auditorium across the street from the OSAA office in Wilsonville. The general format for the meeting will be for the committee to receive public testimony in the morning followed by a closed work session in the afternoon.

The Committee will meet throughout this school year and will make its final recommendations to the OSAA Executive Board at the October, 2009, Special Classification and Districting Meeting.

A full list of meeting dates, Committee Roster, Charge to the Committee and previous Updates are available at the OSAA website: www.osaa.org.

Classification and Districting Committee
DRAFT Proposal #3
6-Classification Hybrid
ADJUSTED CUTOFF POINTS

This hybrid proposal is designed to address concerns the Committee has heard from multiple schools and school districts regarding travel. A hybrid approach identifies geographic regions where placing schools into leagues is more difficult because there may not be enough schools in a specific classification in that region. The hybrid approach assigns schools across classifications to the same league. A similar approach is used in several other states nationally, including Washington. Schools within the league would be charged with creating their own regular-season schedules, including which schools would compete against each other on an activity-by-activity basis. As happens now, determination of which teams advance to postseason play would be made at the league level. During the postseason, advancing schools would compete against schools from their respective classifications. The question of how many playoff spots each hybrid league would receive would be determined by the state championship committee as it does for all leagues.
