November 26, 2008

TO: Superintendents, Principals and Athletic Directors
FROM: Mike Wallmark, Associate Executive Director
Peter Weber, Assistant Executive Director
SUBJECT: Update on the Proceedings of the Classification and Districting Committee

The Classification and Districting Committee for the 2010-2014 four-year time block met at the OSAA Office in Wilsonville on November 17, 2008, to receive testimony and review written communication thus far received.

The Committee initially received a review of the Classification and Districting Timeline and Process from Associate Executive Director Mike Wallmark. Wallmark also gave a report on a meeting that OSAA staff had with Department of Education staff regarding the collection and computation process used by the DOE to create the ADM numbers for schools that are annually provided to the OSAA.

The Committee then received testimony from four school, league and other representatives. The Committee then adjourned to a closed work session to review and discuss the testimony and written correspondence.

During the review, staff distributed a revised "Charge" to the Committee from Article 9.1.1 to include wording that was adopted the previous week by the Executive Board. The revised charge includes the criteria included in OAR 581-021-0032 that the OSAA must consider during the reclassification process. The Committee was reminded that these criteria must be included in the deliberation process at all times.

Following discussion, the Committee reached consensus on the following issues.

- Because the Committee recognizes that the current six classification approach seems to be supported by the vast majority of member schools, initial analysis of reclassification options should focus on revisions within the six classification system. However, the option to move to a system with fewer than six classifications remains under consideration.
- The Committee recognizes the need to investigate the feasibility of larger leagues. That investigation is mandated in the specific charge to the Committee from the Executive Board, and was reinforced by testimony received at the meeting. **The Committee is requesting feedback from interested parties to the attached DRAFT of a possible 6 classification league alignment intended to increase league sizes using the current classification cut-off points.**
- The Committee recognizes that adjustments in the current cut-off points may ultimately be necessary in order to create viable leagues. A Classification List using June 30, 2008, ADM numbers and current cut-off points is attached. **The Committee is requesting suggestions regarding possible cut-off point revisions.**
- The Committee will continue to investigate "the feasibility and advisability" of proposals to address the other two issues contained in the "Charge" from the Executive Board: "Improving public/private competitiveness," and "Adjusting ADM based upon socio-economic status." **The Committee is requesting written testimony from interested parties regarding the two above issues prior to the January 12 meeting.**

Written suggestions and proposals on these issues, as well as other classification related subjects should be mailed or emailed to the OSAA (peterw@osaa.org). Any communication received by the OSAA

will be shared with all committee members for review and discussion. Public testimony will also be welcome at the next Committee meeting.

The next public meeting of the Classification and Districting Committee will be at 9 a.m. on Monday, January 12, 2009, at the OSAA office in Wilsonville. The general format for the meeting will be for the committee to receive public testimony in the morning followed by a closed work session in the afternoon.

The Committee will meet throughout this school year and will make its final recommendations to the OSAA Executive Board at the October, 2009, Special Classification and Districting Meeting.

A full list of meeting dates, Committee Roster, Charge to the Committee and previous Updates are available at the OSAA website: www.osaa.org.
