Hi Peter,

Attached is a proposal for your consideration with 6 classifications, Hybrids, a 25% SES reducer, and a 1.35 Private School multiplier. There are a number of schools on the borderline of the various cutoff points and would be moved with the new figures provided in June. Cutoff points could be altered slightly to make for a better balance. Hopefully this address some of the problems in travel, school time, competitiveness, fairness, league balance, and cost. As usual, not everyone is going to be happy.

Here is the projected ADM for Crow High School for the next several years. Like most schools, it is a declining enrollment.

2008-09	121
2009-10	117
2010-11	114
2011-12	111
2012-13	103
