Student Advisory Council Meeting Summary

January 5, 2025 @ 7pm via Zoom

The Student Advisory Council (SAC) met via zoom on January 5, 2025, at 7:00pm. The student leadership council primarily worked in breakout groups of newly formed committees to create the mission of each of those committees. Championship, Sportsmanship and Mental Health. They also talked about what are the enhancements and changes they want to see made in connection with those committees and how to figure out what the next steps are.

We also discussed logistics of the February 9th National Girls and Women in Sports Day luncheon and awards celebration, to be held at the Spaghetti Factory. There was discussion of assigning council members assignments during the brunch, including introductions of the award recipients and the keynote speaker.

The expectation was that the council members that volunteered were responsible for introducing the award (2-4 minute) read on the award itself and the recipient and have it ready to go by the next meeting. The volunteers have been tasked with researching the recipients and the awards.

We announced that at our next meeting the expectations are to give each student a couple of minutes to share a few things that are happening in the athletic departments at their schools. The first is what is going well (What are you winning at). The second thing is what are some challenges (What do you hope the department can learn).

Additionally, we confirmed attendance at the luncheon and solidified the assignments.

Next meeting is January 23rd, 2025, at 7:00pm
