Proposal to Amend Article 4.1. – Delegate Assembly – Composition

(Action Item)

QUESTION: *Should the Executive Board propose an amendment to the Delegate Assembly that would change the makeup of the Delegate Assembly?*

RATIONALE: The OSAA Executive Board is committed to being as diverse and representative of the Oregon population and its students as possible. The following amendment would allow the Delegate Assembly more opportunity for inclusion for geographic, gender and ethnic representation. It also allows the coach and official representatives voting privileges.

February 4, 2022

TO: Superintendents, Principals, Athletic Directors, and Football Coaches
FROM: Brad Garrett, Assistant Executive Director
SUBJECT: OSAA Football Ad Hoc Committee Update

The Football Ad Hoc Committee conducted its fourth public meeting related to Football placements during the 2022 – 2026 time-block on February 2, 2022, at the Holiday Inn Wilsonville with public testimony streamed live via the OSAA YouTube channel. When finalized, Committee recommendations will be forwarded to the OSAA Executive Board for review and adoption.

OSAA staff provided a summary of 26 pieces of correspondence received after the last meeting. The Committee received online testimony from seven individuals in total representing six different schools. The group then convened into a work session to continue developing recommendations.

Draft League/Special District Configurations by Classification

The Committee reviewed and reached consensus on a second draft of all school placements and alignments for the 2022-2026 time block. A considerable portion of the work session was dedicated to reviewing notifications from schools who have met criteria and indicated they would like to exercise the option either to stay in their current classification or play down. Adjustments to alignments were required within several classifications based on school movements.

Kennedy High School and Salem Academy have notified the group that they would like to play-up to the 3A classification level. The Committee is supportive of allowing teams to play-up in Football when requested. Any school considering playing up a classification has until Monday, February 14 to notify the Committee of their intent. After that date the group has determined any further requests for a different placement should be directed to the OSAA Executive Board for review and consideration.

A complete summary of the notifications received, and the draft school placements are included with this update.

Bracket Structure/Allocations

The Committee started the process of addressing bracket size and allocations in each classification. The table below summarizes their current positions at all levels.

Classification	Bracket Type	Allocations
6A	TBD	TBD
5A	16-team	NW Oregon (4), Midwestern (4), Mid-Willamette (4), Intermountain (3) and (1) at-large via rankings
4A	16-team	Cowapa (3), Tri-Valley (3), Oregon West (3), Big Sky (4), Greater Oregon (3)
3A	16-team	Coastal Range (3), PacWest (3), Mountain Valley (3), Far West (4), Eastern Oregon (2), and (1) at-large via rankings
2A	16-team	Northwest (3), Tri-River (3), Central Valley (3), Southern (3), Blue Mountain (3), and (1) at-large via rankings
1A-8	12-team	SD-1 (4) and SD-2 (4) and (4) at-large via rankings
1A-6	8-team	SD-1 (3) and SD-2 (5)

3.c.

The committee discussed the 6A classification bracket options but have not reached consensus on how to move forward. Results from a survey conducted by the OACA/OADA does indicate that 6A schools who responded favor modifying the current 32-team bracket in some format.

The following models were discussed.

32 Team Bracket Options:

- Example A: No Change – current 32-Team Bracket
- Example B: Eight-team Open Division Bracket using the top eight 6A teams in the rankings. The 6A schools ranked #9-32 would play in the 24-Team 6A Bracket with teams ranked #9-16 receiving a first-round bye.
- Example C: 6A schools ranked #1-24 would play in the 24-Team Bracket with teams ranked #1-8 receiving a first-round bye. Teams ranked #25-32 would play in an 8-Team Bracket.
- Example D: Two 16-Team Brackets with #1-16 in Bracket A and #17-#32 in Bracket B.

24 Team Bracket Options:

- Example A: 24-Team Bracket with teams ranked #1-8 receiving a first round bye

In 32-Team Bracket Examples B, C, and D when two brackets are formed the awarding of a State Championship to the winner of each bracket continues to be under discussion. The Committee requests that 6A schools provide additional feedback on which option they prefer and why, plus thoughts on whether multiple Championships are merited within the 6A ranks. The goal is to finalize the bracket type and allocations at the group's next meeting.

Changes to Season Length:

The Committee received testimony in support of extending the season length by one week to allow for playing nine games in 10 weeks. With the extension, the testimony indicates that it could potentially address issues such as allowing additional flexibility with scheduling considering the impact of odd numbered leagues, easing the burden on officials by spreading the same number of games over a longer period of time, helping with transportation issues, and allowing for medical or environmental cancellations to be rescheduled.

Based on feedback from a survey to Athletic Directors and coaches, the Committee sees the only viable way to achieve that extension is by adding another week to the end of the season. At this time the Committee is not in support of that change but will discuss it further at their next meeting.

Recommendation Summary as of this point:

2A, 1A Structure/Game Type

- Recommends that 2A schools (ADM 75 - 145) play the 9-player game.
- Recommends that 1A schools (ADM 74 - 61) play the 8-player game.
- Recommends that 1A schools (ADM 0 - 60) play the 6-player game.

6-Player State Championship

The group fully supports adoption of the 6-player game and is encouraging the OSAA State Championship Committee to recommend conducting an OSAA State Championship for 6-player teams.

Placement Criteria:

- Schools requesting a lower classification for the first time must have had a 2-year in-class winning percentage below 22%.
- Schools previously playing at a lower classification requesting to remain there must have had a 2-year in-class winning percentage of less than 67% and have not won an OSAA playoff game.
- Any school approved to remain down or has opted to play down that has an in-class winning percentage of 67% or higher and/or advances beyond Round 1 of any OSAA Football State Championship will automatically be moved back up for the following season.

3.c.

The OSAA staff will provide a committee update, like this one, to all superintendents, principals, athletic directors, and football coaches following each meeting. The Committee roster, charge, and any additional committee information is available at <http://www.osaa.org/governance/committees>.

Written suggestions and proposals should be emailed to the OSAA at bradg@osaa.org. Any communication received by the OSAA will be shared with all committee members for review and discussion.

The next public meeting of the Ad Hoc Football Committee is Wednesday, Feb 16, 2022, at 9 a.m. The meeting will be conducted at the **Holiday Inn Wilsonville**. The general format for the meeting will be for the Committee to receive public testimony followed by a closed work session. The Committee appreciates your support and encourages your participation in this process. Please contact Brad Garrett (bradg@osaa.org) at the OSAA if you have any questions.

For girls it was district 4 and 5 combined, and yes on the boys. In a perfect world our new league of 11 for the other sports all agrees we would rather all be together for soccer as well, instead of split, because we all work together for the other sports as well, but I recognize that might not be possible in the boys side of things. We have discussed this quite often and other then varying nuances to our personal locations and such, we all agree it makes the most sense down here to remain together for as many sports as possible.

Thanks for the email and your thoughts. I want to be sure that I understand your suggestions. For girls soccer because of the instability, you are thinking the best thing to do is combine Districts 3 and 4 together(which could mean less overall automatic qualifiers to the playoffs then having split into 2 leagues). And for boys soccer you would like to be moved into the Special District 5.

Is this correct? If so have you had conversations with others so there is support for those suggestions?

After looking at the proposals, a few things came to mind.

Girls: in special district 4, 3 of the teams have either not had a girls team at all or opted for co Ed which leaves a 2-3 team league like we had this season (very difficult to find 10 non league games) The same is true of district 5. I would highly recommend we combine 5 and 6 to make an 11 team league (which is smaller then district 1) knowing very well it will likely end up being a 8-9 team league each season instead. As far as Brookings specific is concerned, we would prefer to be with the Medford schools for travel (seat time) purposes. One game with Lakeview (which would likely end up only once per year and traveling there every other year) isn't as bad as several trips to Douglas county for us.

Boys: once again we would very much prefer to be with the Medford schools for travel reasons. 6 trips to Douglas county (3.5-4 hours away) is a lot to ask for our kids when there are 6 schools with 2.5 hours away in district 8. This also balances out the two league to 10 and 9.

Please consider these changes as soccer, which is a huge draw for kids in our community) will likely suffer lower turnouts each year if total travel remains long and not as competitive.

In the event it is 11 teams we will make it work just like we are going to have to for volleyball, basketball, softball and baseball. This also allows us to work with the same group of AD's in order to come up with some creative scheduling to help each other with travel. Wo else do we need to get this to, or should we have a representative present at the Feb. 7th meeting?

I hope this email finds you doing well. My apologies in sending out a separate email, but we missed the deadline for the Weekly Broadcast to get these to you. Please take a look at the Special District Soccer proposals and let me know any feedback. The Executive Board will be voting at the February 7th meeting for Special Districts next Fall for soccer.

Please let me know if you have any questions.

Have a great weekend!!

Take care.

Subject: Soccer Special District proposal

To whom it may concern:

Banks HS soccer is a relatively new sport to Banks and it has been a struggle to be competitive in this sport. In the Cowapa league, Banks was able to compete with schools like Tillamook, Seaside and Astoria. We would most of the time lose but these games were competitive. Our contests with Valley Catholic typically were very one sided and we have never defeated Valley Catholic. Valley Catholic, like many other private schools in our region, are very established and successful in soccer. We don't look like Valley Catholic and we definitely don't look like OES, Catlin Gabel, PAA, Riverdale, etc....

We understand with our move to 3A there would more than likely be Special Districts in many of the sports. What we didn't envision however was being placed in Special District 1 for soccer where most of the schools are private and are some of the best in the state, regardless of classification.

If we are wanting to continue to build any kind of momentum, we feel that Special District 2 gives us a better chance to build a program. Most of the schools in this league look like us (Yamhill-Carlton, Amity, Dayton, Gervais, Taft, Kennedy). I know this would mean more travel for us but it is a price we are willing to pay to give our kids a chance to be part of a program moving in the right direction. I worry being in Special District 1 for the next 4 years could be really detrimental to our soccer program.

I would like to thank the OSAA Executive Board for hearing my proposal and considering moving Banks from Special District 1 to Special District 2. Thank you for your time.

Subject: Banks Boys Soccer Request for Placement: Special District 2

Hi Kris,

I wanted to reach out to provide some individual placement feedback for Banks and to request that we be considered for a move to Special District 2.

As I look at the proposed placement in Special District 1, this is a tough fit for our program. We're coming off of a 4 year run of 1 win, 1 win, 2 wins and 2 wins. Many of the SD1 schools are private schools with soccer specific facilities and lack a football program for their fall sports. As I look at Special District 2 these schools are much more similar to ours with smaller towns, and shared fall sports resources.

Competitively and demographically I feel like Special District 2 would be a much better fit for our athletes and our program. This would also balance the sizes of the Special Districts to 9 each for SD 1 and SD2 (co-ops were listed individually on the proposal). This would align us with our closest geographic league opponent in the Coastal Range, Yamhill-Carlton. And finally I also believe travel times would be better or even equivalent for us as we'd stay out of the cross-town metro commute. For example our trip to Milwaukie last year took 1 hour and 45 minutes in traffic for a 6pm kickoff.

We've been able to grow our participation in Boys Soccer to 36 athletes last year (all-time high), and this allowed us to offer a JV team. We're projecting similar numbers this next year, and I'd love to be able to keep the participation momentum going as we are projected strong youth numbers in future years. I'm concerned however that a lineup of league opponents that have a combined 8 state titles in the past 10 seasons, would negatively impact our ability to grow this program and to retain athletes.

Ironically the best fit for my program is actually the 4A Cowapa where we project to be extremely competitive and have some great rivalries going with these communities from the youth level all through to high school.

For all of these factors I'm requesting Banks Boys Soccer be moved from Special District 1 to Special District 2.

I also have some overall feedback regarding the proposal (outside of our individual placement). I know it might be a tad late in the process and I apologize in advance as I was only recently made aware of the proposed placements this past Friday. I'll send this to you in a separate email.

Thanks for your time in reviewing this placement request.

Subject: BSOC - 2022 Special District Feedback (Overall, not Banks Specific) For Executive Committee
Attachments: Observations From Current BSOC 3A2A1A Proposal.pdf; BSOC Current Proposal with removals of coop and other corrections.pdf; BSOC Proposal 1 3A2A combined 1A standalone.pdf; BSOC Proposal 2 3A Standalone combined 2A1A.pdf

Hi Kris,

I wanted to provide some analysis and feedback regarding the current proposal. Most notably due to the large number of co-opted schools that are listed as individual programs, and the subsequent impact that this has on Special Districts placements for 3A, 2A and 1A schools for Boys Soccer in the Fall of 22. It may be too late in the process to consider such a major change from the current model. My goal is not to create more work for the committee. I only became aware of the proposed districts last Friday and wanted to offer solutions to potential challenges or issues as I became familiar with the structure of the proposed districts.

The motivation for these proposals is to more closely align to the mission of the current 6 classification model with respect to both classification sizes and district sizes. Both of the submitted proposals are with the intention to achieve better parity, and to create opportunities for schools to play at or near their classification level for district competition. It should also be pointed out that the current OSAA proposal contained a high number of co-op schools as individually listed programs, and their placement in the model will already need to be reworked. Addressing these co-ops reduces the total count of schools by 14, and leaves one of the proposed Special Districts with an actual count of only 5 schools and another with 6.

Other initial observations regarding the current proposal from the OSAA are that it creates several potential tensions with: number of league games, scheduling of non league games, imbalance of class distribution by district, unnecessarily breaks apart existing leagues, and it potentially creates inconsistent or unclear rankings calculations with a subsequent impact on potential playoff / championship alignments. Although it isn't clearly stated within the proposals submitted today, some thought was given to the placement of co-ed teams, as well as the impact of co-ed placement with boys-only teams, the rankings calculation(s) and the championship play.

Finally, I believe that the imbalances of the current proposal are likely to impact participation numbers at some schools. Especially for those in districts without schools at their own classification level.

Please let me know if you have any questions regarding the attachments.

Again I recognize that you are nearing the end of the line and voting on final adoption so if it is simply too late for this contribution I understand. My goal was not to disrupt, it was to help.

Thanks and feel free to reach out to me today with any questions on my cell - I'm free most of the day,

Observations From Current Proposal

1	There are several co-op schools listed individually. The actual count is likely as much as 14 schools lower than the proposal				
ex	Kings Valley	Eddyville Charter	Long Creek	Paisley	
2	There is also at least one team listed that did not have a program last year and does not appear to have a co-op with another school				
ex	Mohawk				
3	There is also at least one team who had a team last year and is missing assignment				
ex	2A - Faith Bible				
	The total count of schools is significantly higher for this combined set of classifications in comparison to the overall 6 classification system				
4	and seems to be a departure from the goal of the 6 classification system with smaller league sizes and smaller classifications for championship bracketing				
ex	65 (79?) combined	31 at 4a	32 at 5a	50 at 6a	
5	The number of schools per special district prevents many schools from having a non-league or pre-season and creates an inequitable scheduling opportunity for schools to find games as non-league game needs could range from 2 to 8.				
ex	1 x 17	1 x 14	1 x 11	2 x 10	
6	Geographically isolated schools at lower classifications who are in large districts have limited options to find games at their true classification size, or to create competitive experiences through non-league games as needed				
ex	Pacific (1A)	Gold Beach (2A)	Rogue Valley (1A)	Illinois Valley (2A)	Irrigon (2A)
7	Special Districts (as currently constructed) unnecessarily break apart some existing leagues that would have comparable district sizes when compared to existing 4A (entire classification) and 5A (Midwestern and Intermountain)				
ex	3A Coastal Range	3A Far West	2A PacWest	2A Central Valley	
8	Some leagues are large enough already to support themselves without combination with other leagues				
ex	3A-1 Lewis and Clark	3A-4 Mountain Valley	3A-5 Far West	2A Tri-River	2A PacWest, Central Valley
9	Inequitable distribution of enrollment, as it is consistently applied across special districts				
ex	SD-4 Pacific/Milo, Umpqua Valley and 3A	SD-6 Four Rivers and 3A	SD-5 Rouge Valley and 3A	SD 7 - 1A league with some 2A	
10	Lack of play down option for 3A and 2A schools with 4 year records that allow for a petition to play down				
ex	Banks, Corbett	Elmira, Siuslaw, Douglas	Gervais, SA/Kennedy	Illinois Valley	Umatilla, Irrigon
	Removal of co-op schools from existing proposal will reduce some league counts to 5 or 6 (within a reasonable geographic distance). It				
11	would make sense to pair down other league sizes to match these geographically isolated leagues where there are limited options to form larger special districts				
ex	SD-6 (6)	SD-5 (5)			
	Special District 7 combines co-ed schools, and 2A and 1A schools and creates questions about playoff participation and eligibility, as well				
12	as rankings. Last season's RPI and playoff rankings included these schools, however the treatment and placement outside of other geographically aligned districts shows a clear distinction between this Special District and the other 6				
ex	inequitable rankings parity when 1A and co-ed placed with 3A boys	geography of 1A placements (Pacific with Brookings)	inconsistent application of co-ed teams and impact on RPI	lack of 2A placement clarity	

special note: Milwaukie Academy of the Arts feeds into Milwaukie and plays at the 5A level, and as such is does not need placement

Subject: Soccer districts

Hey Kris,
There has been a little discussion here at HC about 2 ideas:

1. Moving our current boys' soccer from district 1 to district 2
2. We are 95% sure we will be rebooting girls' soccer, probably an independent JV schedule in the fall and then a full varsity program the next year. If we do this, district 2 would likely be a better home for us as well.

What are the chances of moving districts and what would we need to do in order to pursue the move? I need to be able to sit down with our admin and coaches to see what their thoughts are but want to have a base of knowledge to help them make a quality decision.

Thanks,

Craig Burgess

Proposal to Amend Article 9.6. – Student Activities Advisory Committee

(Action Item)

QUESTION: *Should the Executive Board propose to the Delegate Assembly to change the name of the Student Activities Advisory Committee to the Activities Advisory Committee?*

RATIONALE: The Delegate Assembly recently approved the formation of the Student Advisory Council and changing the name of the Student Activities Advisory Committee will eliminate confusion moving forward.

RULE CHANGE SPONSORED BY: OSAA Executive Board

NEXT STEP IF PASSED: Forwarded to Delegate Assembly for consideration.

POSSIBLE RULE CHANGES:

<p>KEY: Add</p> <p>Delete</p>

9.6. ~~Student~~ Activities Advisory Committee.

9.6.1 Charge. The Committee shall serve as a conduit for open communication among representatives of the activities and the school representatives and staff of the OSAA. The Committee shall not be a policy making body but shall serve in an advisory capacity to the Executive Board, Delegate Assembly and staff of the OSAA. The Executive Board will not consider any recommendations from the Dance Drill Coaches Association (DDCA), Oregon Cheerleading Coaches Association (OCCA), Oregon High School Speech League Coaches Association (OHSSLCA) and Oregon Music Educators Association (OMEA) without the support of the Committee.

9.6.2 Composition. The Committee shall be composed of two representatives of each of the OSAA sponsored activities – cheer, dance, music and speech.

Committee members shall be current high school employees. The Activities Representative to the OSAA Executive Board shall be an ex-officio member of the Committee.

9.6.3 Term. The term of office for a member of the Committee shall be three years. A member shall not serve more than two consecutive terms. A member who is elected to fill a vacancy shall be eligible for up to two full three-year terms starting with the first meeting after election.

9.6.4 Meetings. The Committee shall adopt an annual schedule of meetings based upon the issues under consideration. The schedule shall include an appropriate number of meetings in which to conduct the business of the Committee.

Proposal to Amend Article 3.3.1 (a) – Full Membership Dues

(Action Item)

QUESTION: *Should the Executive Board, per a recommendation from the Budget Committee, increase the full member school annual dues by \$250 starting with the 2022-23 school year?*

RATIONALE: The OSAA Budget Committee strongly recommended that the Executive Board increase the full membership dues to help maintain services and keep up with continually rising costs for the Association.

RULE CHANGE SPONSORED BY: OSAA Budget Committee

NEXT STEP IF PASSED: Effective for the 2022-23 school year unless otherwise stated in the motion.

POSSIBLE RULE CHANGES:

<p>KEY: Add</p> <p>Delete</p>

Article 3.3 – Dues

- 3.3.1.** The Executive Board shall establish procedures relative to payment of membership dues and special fees for championships.
- (a) Full Membership Dues.** Full Member school dues are ~~\$1,000~~ **\$1,250**, plus \$85 for each OSAA sponsored activity in which the school participates, payable on or before October 15 of each school year.
- (b) Associate Membership Dues.** Associate Member school dues are based on the number of students attending the Associate Member school (\$100 for 1-100 students; \$250 for 101-500 students; \$500 for 501+ students). Associate Member school students are not eligible to practice or participate in a contest until the Associate Member school is listed on the OSAA website.
- 3.3.2.** If a member brings an administrative or judicial challenge to any Regulations or Rules of the Association and/or a final determination of the Executive Board or the Eligibility Appeals Board, and the Association is the prevailing party, the member shall be assessed a membership surcharge equal to the Association's attorney fees and costs actually incurred in defending such action, whether at the administrative or trial court level or on appeal or discretionary review.
