2024-25 Playoff Reimbursement Formula

The formula below will determine state championship reimbursement for member schools. The formula prioritizes roundtrip miles* traveled (*M*) but also factors in the number of participants (*P*) and the number of days (*D*) a school participates in a state championship. An expense metric (*E*) is calculated for each school participating at a state championship that will determine the school's proportion of the overall total expense metrics for all schools for that season. Schools are then reimbursed seasonally (Fall, Winter, Spring) based on their portion of that season's budgeted reimbursement.

$$E = 2 \cdot P^{0.8125} \times (2 \cdot M)^{(0.75+D/16)}$$

2024-25 Total Reimbursement Budget: \$850,000 Fall: \$280,500 (33%) Winter: \$263,500 (31%) Spring: \$306,000 (36%)

Schools will be reimbursed based on the number of participants in a state championship. The number of student participants in team sports is outlined per OSAA policy as listed below.

Team Sports - # of Student Participants

Basketball (6A)	14
Basketball (5A, 4A, 3A, 2A, 1A)	12
Baseball (6A)	20
Baseball (5A, 4A, 3A, 2A/1A)	18
Football (6A)	60
Football (5A)	50
Football (4A)	40
Football (3A)	33
Football (2A)	33
Football (1A-8)	24
Football (1A-6)	18
Soccer (6A)	24
Soccer (5A, 4A, 3A/2A/1A)	22
Softball (6A)	20
Softball (5A, 4A, 3A, 2A/1A)	18
Volleyball (6A)	16
Volleyball (5A, 4A, 3A, 2A, 1A)	14

Individual Sports & Activities

Reimbursement will be determined by the number of participants competing in a state championship. Those activities include Band, Cheerleading, Choir, Cross Country, Dance/Drill, Golf, Orchestra, Solo Music, Speech, Swimming, Tennis, Track & Field, and Wrestling. Schools do not receive reimbursement for non-participating alternates.

School Personnel

The number of student participants in a state championship will determine the number of school personnel (i.e., coaches, directors, drivers, chaperones, etc.) for which the school will receive reimbursement. The OSAA will reimburse an additional person for every five student participants, up to a maximum of five.

- 1 – 5 student participants = +1 school personnel*
- 6 – 10 student participants = +2 school personnel*
- 11 – 15 student participants = +3 school personnel*
- 16 – 20 student participants = +4 school personnel*
- 21+ student participants = +5 school personnel*

Examples:

- A school qualifying seven student participants in track & field will receive reimbursement for a total of nine people (seven student participants plus two school personnel).
- A 4A school with a football team participating in the first round of the state championships will receive reimbursement for a total of 45 people (40 student participants plus five school personnel).

*Note: Schools traveling less than 200 miles round trip for a state championship event will not receive reimbursement.

If you have questions on reimbursement, please contact Kyle Stanfield (kyles@osaa.org)

Proposal to Amend Board Policy State Championships – Team Size

(Action Item)

QUESTION: *Should the Executive Board adjust the maximum team size in soccer and volleyball at all classifications per a proposal from the Oregon Athletic Coaches Association?*

RATIONALE: In volleyball most varsity teams play with a libero in addition to the 6 position players. If varsity teams carry 14 players in order to have full scrimmages in practices this would mean the 2 athletes cannot dress down for state playoffs, this change would avoid the reduction of team sizes moving into the playoffs. Carrying 14 also allows for a sub for each starter in the starting rotation of 7 players. This would provide an opportunity for 2 additional players to be in uniform and utilized to sub in case of injury or as a strategic sub at any time during the match. With the growth of volleyball and increased participation at all levels, this change provides equity for all teams. Increasing roster sizes for 1A - 5A gives schools the opportunity to grow their programs.

In soccer, 11 v 11 in training is a full sided scrimmage which replicates actual match conditions & requires a minimum of 22 participants.

*Soccer	State Roster	Scrimmage #/+
(6A)	24	11 v 11 +2
(5A,4A,3A,2A,1A)	22	11 v 11

***Aligning Soccer state championship participants with current roster sizes for the following OSAA team Sports, guided by scrimmage total and a +2 for 6A.

Basketball	State Roster	Scrimmage # +
(6A)	14	5v5 +4
(5A, 4A, 3A, 2A &1A)	12	5v5 +2

Baseball/ Softball		
(6A)	20	9v9 +2
(5A, 4A, 3A, 2A &1A)	18	9v9

These changes would impact reimbursement to schools accordingly between cross country, football, soccer, and volleyball. It would not increase reimbursement, rather it would reallocate current Fall reimbursement.

Proposal to Amend Article 6 – Classification of Schools

(Action Item)

QUESTION: *Should the Executive Board propose an amendment to Article 6 – Classification of Schools to the Delegate Assembly that would allow schools to Play Up during the mid-point of the time block?*

RATIONALE: Like the proposed revision to the Petition to Play Down policy, this revision is more reactive for member schools. As schools are allowed to move down each December during the time block, this allows schools to play up from their assigned classification but only at the mid-point of the time block.

Article 6 – Classification of Schools

(a) Petition to Play Up.

[\(Petition to Play Up\)](#)

- (1) **Submission Deadline.** A member school seeking to play in a higher classification than assigned under [Article 6.2.4](#), shall be required to complete and submit a “Petition to Play Up” to the OSAA prior to the final meeting of the Classification and Districting Committee preceding the quadrennial December Classification and Districting Meeting **or prior to the December meeting of the OSAA Executive Board at the two-year mid-point of the time block.**
- (2) **Athletics and Activities Affected.** Any “Petition to Play Up” granted by the Executive Board shall apply to all OSAA athletics and activities in which the member school participates.
- (3) **Duration.** Any “Petition to Play Up” granted by the Executive Board shall apply to the classification placement of the petitioning member school during the entire subsequent four-year time block **or to the final two years of the four-year time block if applied for and approved at the two-year mid-point of the time block.** See [Executive Board Policies, “Classification – Playing Up”](#) for additional information.

Proposal to Amend Article 6.5. – Cooperative Sponsorship

(Action Item)

QUESTION: Should the Executive Board propose an amendment to Article 6.5. – Cooperative Sponsorship to the Delegate Assembly that would modify the exception?

RATIONALE: In May of 2022 the Executive Board proposed changes to Board Policy 15 – Cooperative Sponsorships. This change would align the article with the modifications made to the Board Policy at the start of the time block.

Article 6 – Classification of Schools

6.5. Cooperative Sponsorship.

6.5.1. Only full member schools may apply for cooperative sponsorship. Schools requesting cooperative sponsorship should make every effort to co-sponsor an activity with the nearest school that also has difficulty sponsoring the activity by itself. Cooperative sponsorship shall be considered only for 4A, 3A, 2A and 1A schools.

EXCEPTION: The Executive Board also may approve cooperative sponsorship involving 4A, 3A, 2A, or 1A schools with a 6A or 5A school if the 4A, 3A, 2A or 1A schools are located in an isolated area or are unable to find a closer 4A, 3A, 2A or 1A school willing to enter into a cooperative sponsorship agreement, or if the two schools are physically housed in the same building where students take classes together.

6.5.2. Classification placement for the requested activity will be determined by the total combined ADM of the schools involved.

EXCEPTION: If the total combined ADM causes the cooperative team to qualify for a higher classification, the schools requesting permission for a cooperative team may petition the Executive Board for an exception to this provision. ~~Factors that may be considered by the Executive Board when evaluating a petition for an exception may include, but are not limited to, number of participants from each school, how much the combined ADM exceeds the classification threshold, and geographic considerations.~~ **To be considered for an exception, the combined ADM of the schools involved may not exceed 10% above the classification cutoff of the largest school. Criteria to be considered in an annual review would include roster size, number of participants from each school, geographic location, number of classifications between participating schools, and the ability for the schools to host their own teams. Any cooperative sponsorship granted an exception by the Executive Board will be reviewed on an annual basis.**

Proposal to Amend Article 9.10. – Equity and Diversity Advisory Committee
(Action Item)

QUESTION: *Should the Executive Board propose an amendment to Article 9.10 – Equity and Diversity Advisory Committee to the Delegate Assembly that would modify its composition and committee term limits?*

Proposal to Amend Rule 6.7.
Association Year, Practice, Contests – Starting, Cutoff and Ending Dates
(Action Item)

QUESTION: Should the Executive Board propose an amendment to Rule 6.7. – Association Year, Practice, Contests – Starting, Cutoff and Ending Dates to extend sub-varsity cutoff dates in team sports per a proposal from OADA?

RATIONALE: Sub-varsity teams often lose out on game opportunities due to weather cancellations, especially in the Spring. It's a challenge for some sub-varsity baseball/softball teams to find games when other classifications have already reached their cutoff date. This rule change would allow sub-varsity teams across all classifications to play until the last cutoff date for any classification provided the teams don't exceed their participation limits. For example – the 6A, 3A, 2A/1A Softball cutoff date is May 16 but the 5A, 4A Softball cutoff date is May 18. Under this proposal a sub-varsity cutoff date would be set for May 18 for all classifications in softball.

Volleyball – adds 3 days (Oct. 21-24)

Soccer – adds 4 days (Oct. 24-28)

Football – already have October 30 for sub-varsity cutoff (Oct 28 for varsity)

Basketball – adds 11 days (Feb. 17-28)

Baseball/Softball – adds 2 days (May 16-18)

2024-25 Winter First Practice Date – November 18

2024-25 Spring First Practice Date – March 3

QUESTION: *Should the Executive Board propose to add Rule 6.9 – Alumni Contests to the Delegate Assembly that would codify current practice and gives clear understanding when schools sign up for Alumni Contests?*

COLLECTIVE SPONSORSHIPS

(May 2020)

- A. For two or more schools to qualify for collective sponsorship they must meet the following requirements:
- 1) **Definition.** Schools in a collective sponsorship share resources but students from these schools must compete as representatives of the school they attend in all competitions, including district and state championships.
 - 2) **Scope.** Collective sponsorships may be applied for in the following activities: cross country, swimming, wrestling, speech, golf, tennis, and track & field.
 - 3) **Who May Apply?** Only full member schools may apply for collective sponsorship, not families or individuals. Schools requesting a collective sponsorship should be located in the same geographic area. Schools requesting collective sponsorship approval should make every effort to collectively sponsor an activity with the nearest school that also has difficulty supporting the activity by itself.
 - 4) ~~**School Board Approval Requirement.** The Governing Boards of the schools involved in the collective sponsorship shall jointly apply for such sponsorship listing specific reasons for the request.~~
 - 5) **Deadline for Application/Dissolution.** The deadline for application or for dissolution for a collective sponsorship shall be the first contest date of the season.
 - 6) ~~**Timeline for Approval.** The Executive Board will attempt to act on an application at its next regular meeting following receipt of the application. However, the Executive Director can make a preliminary decision, subject to approval by the Executive Board.~~
 - 7) **Duration of Approval.** Any approved collective sponsorship shall be limited in duration to the remainder of the time block per application. If an application for collective sponsorship is granted for multiple years and the schools choose not to collectively sponsor during any year of the agreement, it will be necessary for the schools to reapply for permission to collectively sponsor during the remaining term of the agreement.
- B. **Collective Sponsorship Philosophy.** The philosophy that will guide the OSAA Executive Board in reviewing and approving applications for collective sponsorship of activities is as follows:
- 1) The Executive Board will attempt to increase the number of students who are participating in activities by making resources available for students that would not be available in their school because of a lack of numbers or resources if collective sponsorship did not occur. However, students shall compete as representatives of the school they attend in all competitions, including district and state championships.

- ~~2) The Executive Board would prefer to see projects that combine smaller schools for collective sponsorship of an activity rather than a small school program combining with a larger school when the smaller school lacks resources to support the activity alone because of a lack of numbers.~~
- 3) Agreements are limited in duration to the remainder of the time block but may be terminated by the Executive Board under the following conditions:
 - a) Closing of one of the schools.
 - b) Valid complaints from surrounding schools concerning recruiting.
 - c) Complaints from parents, Governing Boards, students, etc.
 - d) Other valid reasons as determined by the Executive Board.

Proposal to Amend Participation Limitations

(Action Item)

QUESTION: *Should the Executive Board amend Participation Limitations as it relates to 1A varsity and JV teams competing against each other?*

RATIONALE: In communication with 1A athletic directors at their conference in April, it became clear that the current language for contests between 1A varsity and 1A sub-varsity teams wasn't working for some schools. OSAA staff worked with a small group of ADs to review the policy and came up with the proposed language that more accurately reflects what is occurring at the 1A level given their unique situation as the lowest classification.

RULE CHANGE SPONSORED BY: OSAA Executive Board

NEXT STEP IF PASSED: Effective Immediately

POSSIBLE RULE CHANGES:

<p>KEY: Add</p> <p>Delete</p>

PARTICIPATION LIMITATIONS

Pursuant to its authority under [Article 5.3](#) of the OSAA Constitution, the Executive Board has adopted the following additional interpretations concerning participation limitations to provide further clarity of the Association Rules:

1. GENERAL

- A. Each contest between schools in a tournament is just that – one contest – unless there is a special provision for a particular sport.
 - B. It shall be considered a contest when a team from a school engages in any activity with a team or an individual not from that school. A student who is in the 9th grade of a junior high school may represent both the junior high school and the senior high school in the same sport. The Executive Board has ruled that 9th graders shall have the same privileges no matter how housed, be it in a junior high school or in a four-year high school. However, any 9th grader representing both a junior high school and a high school must not exceed the individual participation limitations established by the Executive Board.
 - C. Schools are to abide by the "per event" limitations as prescribed in the Official Rules Book for each sport, except as specified in the [Executive Board Policies, "Endowment Games."](#)
1. **Q.** May a JV team from one classification participate against a varsity team from a lower classification?
 - A. Yes. Each team counts the participation as one contest at the level, e.g., JV or varsity, of that team. For example, if a 3A school is sponsoring a varsity tournament, JV teams from 4A schools could attend and compete as part of their JV schedule.
 2. **Q.** May a JV team participate against a varsity team from a school in the same special district, but from a lower classification?
 - A. Yes. Even though the schools are from the same special district, the contest would still count as a JV contest for the JV team and as a varsity contest for the varsity team from the lower classification. However, if a varsity team participates against a varsity team from the same special district, the contest always counts as a varsity contest for both schools regardless of the classifications of the two schools.
 3. **Q.** May a 6A, 5A, 4A, 3A, 2A JV team participate against a varsity team from the same classification?

A. Yes, but the contest would count as a varsity contest for both schools. Any contest between two teams in the same classification shall be considered to have taken place at the level, e.g., JV or varsity, of the higher-level team unless written permission is received from the Executive Director prior to the contest. The Executive Director will consider granting an exception only in emergency situations and with league approval.

4. Q. May a 1A sub-varsity team participate against a **1A** varsity team ~~from the same classification~~ and not have the contest count towards the varsity participation level for ~~that~~ **the sub-varsity team's** school?

~~A. Yes, if mutually agreed upon by both schools., but the following conditions are in effect:~~ **The contest would count at the level of each of the respective teams (i.e., varsity, JV, etc.) and must remain within defined individual and team participation limitations for that sport. For example, in a contest between a 1A JV team and a 1A varsity team, the 1A JV team counts it as a JV contest and the 1A varsity team counts it as a varsity contest.**

- ~~• Mutual agreement between the schools involved and notifications to league completed by designated first contest date for that sport.~~
- ~~• The varsity team is required to forfeit the contest to the other school.~~
- ~~• The school gaining the forfeit victory is allowed to schedule an additional contest to replace the forfeited contest but must remain within defined individual and team participation limitation for the sport.~~
- ~~• The school receiving the forfeit defeat must count it as a contest, is not allowed to schedule an additional contest to replace the forfeited contest and must remain within defined individual and team participation limitations for the sport.~~

5. Q. How is a contest between a JV team and another sub-varsity (JV, JV2, Sophomore, Frosh, etc.) team counted?

A. Any contest between sub-varsity teams counts as a contest at the level (JV, JV2, Sophomore, Frosh, etc.) of each of the respective teams regardless of the classification. For example, in a contest between a JV team and a JV2 team of the same classification, the JV team would count the contest as a JV contest, and the JV2 team would count the contest as a JV2 contest. (Unlike in games involving a varsity team playing a sub-varsity opponent of the same classification or higher where both teams would be required to count the contest as a varsity contest, this interpretation would apply regardless of the classifications of the two sub-varsity teams that are playing.)
