Student Advisory Council Meeting Summary

January 26, 2025 @ 7pm via Zoom

The Student Advisory Council (SAC) met via zoom on January 26, 2025, at 7:00pm. The student leadership council reported back on the status of their school in terms of things that are going well and things that could use some work. A big theme that council members discussed was the need for better sportsmanship from the fans and the attendance numbers for the girls sporting events. A few council members talked about student leadership at their school encouraging others to attend these events and their progress in getting more fans to those particular games.

We also discussed each committee's progress on their mission statement and ideas for their action plan in the coming months. The Sportsmanship Committee focused on promoting good sportsmanship and creating a welcoming environment for athletes, parents, and coaches. The Mental Health Committee discussed making a poster that would provide direction to resources for those in need of mental health assistance. Finally, the Championship Committee aimed to make championships more memorable and special for athletes, possibly through community involvement and fundraising.

Finally, we reviewed the logistics for the National Girls and Women in Sports Day Luncheon at the Old Spaghetti Factory on February 9th. We spoke to the presenters about their readings and talked about attire for the event.

We announced that at our next meeting we will continue to work on the committee assignments. We will begin to put plans in place to carry out each committee's mission statement.

Next meeting is February 23rd, 2025, at 7:00pm
