## **Student Advisory Council Meeting Summary**

**January 21, 2024 @ 12pm via Zoom**

The Student Advisory Council (SAC) met via zoom on January 21, 2024, at 12:00pm. The student leadership council primarily discussed the logistics surrounding the 1<sup>st</sup> annual National Girls and Women in Sports Day brunch and awards celebration, to be held at Oregon Episcopal School in Portland. There was discussion about assigning council members assignments during the brunch, including introductions of the award winners and the keynote speaker.

The expectation was that council members who are responsible for introducing a speaker, put together a short (2-4 minute) read on the award recipient and have it somewhat memorized. Foundational information on each speaker was provided to the group, and the council was tasked with researching to add to the introductions.

We briefly went over the agenda for our next meeting (1/28), Where the council members would read the intros to the group so we could help with flow, and so they could practice reading it at least once out loud to an audience.

Also on at our next meeting, Cameron, Lincoln, were asked to have a draft mockup of the autograph cards for the group to see and approve or suggest changes.

Additionally, we confirmed attendance at the luncheon and solidified assignments.

Next meeting: January 28, 2024
