Student Advisory Council Meeting Summary

January 28, 2024 @ 12pm via Zoom

The Student Advisory Council (SAC) met via zoom on January 28, 2024, at 12:00pm. The student leadership council primarily discussed the logistics surrounding the 1st annual National Girls and Women in Sports Day brunch and awards celebration, to be held at Oregon Episcopal School in Portland. The meeting agenda was an opportunity for the council members that are introducing speakers and award recipients to read the introduction bios to the group.

Each council member that has a speaking part at the luncheon read the bios of the person they are introducing and received feedback from their peers on the council. Any necessary adjustments were made to the bios from the constructive feedback of the group.

The council members responsible for creating the autograph cards showed a mock up of the cards, they did an awesome job and the other members approved of the design.

Individual zoom calls were scheduled with those council members who wanted to read their introduction one additional time before Sunday's luncheon and the meeting was adjourned.

Next meeting: February 25, 2024
