### **Track Contingency Group Meeting Thursday, Sept 24 Zoom Meeting - 6:30 – 8p**

#### **Meeting Notes:**

The meeting focused discussion on the potential relationship between the OSAA and various entities that are responsible for conducting the 2021 Track and Field Olympic Trials.

Micheal Reilly, Colleen Wren, and Jody Smith from TrackTown were invited and accepted the offer to participate and provide thoughts on the following questions:

1. Would the OSAA be allowed the opportunity to contest events at Hayward during the Trials? Is there a formal process we need to go through to make that happen?
2. What types of timelines are we working with if we want to make this happen?
3. What types of expectations would you have the OSAA?

Focus of future meetings:

Structure of the regular season

Structure of culminating week
