## **2021 SEASON 3 PLAN BOOK – TRACK & FIELD**

Updated: 04/01/21

Staff Contact: Brad Garrett, Assistant Executive Director, 503.682.6722 x229, [bradg@osaa.org](mailto:bradg@osaa.org)

### **OSAA COMPETITION GUIDELINES**

- [OHA Sector Guidance – Indoor Recreation and Indoor Fitness Establishments](#)
- [OHA Sector Guidance – Outdoor Recreation and Outdoor Fitness Establishments](#)
- Guidance for K-12 School Sports are now based on a county’s COVID-19 risk level (lower, moderate, high, extreme). **Guidelines for K-12 School Sports is no longer tied to a school’s instructional model.**

Competitions between member schools in outdoor activities. During Season 3, **10** meets for track and field are allowed.

### **SEASON 3 DATES**

First Practice Date .....	April 5
First Contest Date .....	April 12
Cutoff Date .....	May 15
Culminating Week .....	May 17 – 22

### **COVID-19 REQUIREMENTS AND CONSIDERATIONS**

#### **1. CONTACT TRACING**

- Record participant and visitor information, date and time of recreation. If there is a positive COVID-19 case associated with the recreation, public health officials may need the school to provide this information for a contact tracing investigation. Unless otherwise required, this information may be destroyed after 60 days from the session date.
- Screen participants and visitors prior to start of the outdoor recreation such as asking:
  - Have you had a new or worsening cough?
  - Have you had a fever?
  - Have you had shortness of breath?
  - Have you been in close contact with anyone with these symptoms or anyone who has been diagnosed with COVID-19 in the past 14 days?
  - If the participant or visitor responds “yes” to any of the screening questions, ask them to return home and wait to return to the facility until all symptoms, including fever have been resolved for at least 24 hours without medication, or at least 14 days after contact with a person with a cough, fever, or diagnosed with COVID-19.
- Strongly encourage a participant or visitor exhibiting symptoms of illness to immediately leave the facility and not return until at least 24 hours after symptoms have resolved without medication.
- Strongly encourage participants or visitors at higher risk for severe COVID-19 complications (persons over age 65 or with underlying medical conditions) to continue to stay home to reduce their risk of exposure.

#### **2. CLEANING AND DISINFECTION**

- Thoroughly clean all areas and use disinfectants that are included on the [EPA List N: Disinfectants for Coronavirus \(COVID-19\)](#) for the SARS-CoV-2 virus that causes COVID-19.
- As applicable, require individuals to wipe down all equipment (e.g., balls, weights, machines, etc.) immediately before and after each use with a disinfectant that is included on the EPA-approved products for the SARS-CoV-2 virus that causes COVID-19. A solution of 70%-95% alcohol content is also acceptable.

- C. Frequently clean and disinfect high-traffic areas and commonly touched surfaces. Encourage individuals to bring their own hand sanitizer for personal use.
- D. Any equipment such as weight benches, athletic pads, etc., having holes with exposed foam should be covered.
- E. Encourage handwashing and provide handwashing stations and/or hand sanitizer in and around the premises.
- F. Thoroughly clean restrooms at least twice daily and ensure adequate sanitary supplies (e.g., soap, toilet paper, 60-95% alcohol content hand sanitizer) throughout the day. Consider using a “one-in-one-out” policy, where only one individual is permitted within the restroom at one time.
- G. Appropriate clothing / shoes should be worn at all times to minimize sweat from transmitting onto equipment / surfaces.
- H. Students must be encouraged to shower and wash their workout clothing immediately upon returning to home.

### 3. **OPERATIONS**

- A. Review and implement [OHA Statewide Reopening Guidance - Masks, Face Coverings, Face Shields](#) – ensuring all individuals are complying.
- B. A mask, face covering or face shield is not required when it is not feasible, such as when swimming or when taking a shower. The face covering is meant to protect other people in case you are infected. People can spread COVID-19 to others even if they do not feel sick.
- C. Ensure that any outside spaces meet the definition for “outdoor”. **If the space does not meet the definition of outdoor, then it’s considered indoor and therefore must comply with the requirements and guidance for indoor recreation.**
- D. “Outdoor” means any open-air space including any space which may have a temporary or fixed cover (e.g. awning or roof) and at least seventy-five percent of the square footage of its sides open for airflow.
- E. Post [clear signs](#) listing COVID-19 symptoms, asking individuals with symptoms to stay home, and listing who to contact if they need assistance.
- F. Post [clear signs](#) about the mask and face covering requirements.
- G. Use [signs](#) to encourage physical distancing throughout facility, including but not limited to reception areas, locker rooms, and near shared equipment areas.
- H. Establish one-way traffic flow, where possible. Use signs to direct one-way flow of traffic.
- I. Provide handwashing stations or hand sanitizer (60-95% alcohol content) throughout the facility for individuals.
- J. Strongly encourage individuals to bring their own filled water bottles and hygiene supplies (including hand sanitizer).
- K. INDOORS: Ensure that ventilation systems operate properly. Increase air circulation and ventilation as much as possible by opening windows and doors. In indoor spaces, fans should only be used when windows or doors are open to the outdoors in order to circulate indoor and outdoor air. Do not open windows and doors if doing so poses a safety risk.

### 4. **LOCKER ROOMS**

- A. Develop and implement a plan to limit the number of individuals using showers and changing rooms at the same time in order to keep at least six feet of physical distance between people.
- B. Ensure that the locker room does not exceed maximum occupancy. Use the total square footage of the locker room to determine the maximum occupancy of the locker room based on a minimum of 35 square feet per person.

### 5. **DISTANCING AND OCCUPANCY** – [Sector Risk Level Guidance Chart](#)

- A. Limit maximum capacity based on the designated level of risk for the county in which the recreation is located.
  - 1) [Maximum Gathering Size](#) includes participants, coaches, officials, event staff and spectators.
  - 2) [Indoor – Maximum Occupancy Definition](#). The maximum occupancy permitted by law, or if the maximum occupancy is unknown the capacity equivalent to:
    - a) For 75% capacity: 86 square feet of space per person.
    - b) For 50% capacity: 120 square feet of space per person.
    - c) For 25% capacity: 240 square feet of space per person.
    - d) \*Includes gyms, indoor K-12 Sports, indoor collegiate sports, indoor fitness organizations, indoor recreational sports, indoor pools.

3) **Outdoor Definition.** Any open-air space including any space which may have a temporary or fixed cover (e.g., awning or roof) and at least **50%** of the square footage of its sides open for airflow ***such that open sides are not adjacent to each other.***

a) **\*\*Includes outdoor gyms, outdoor fitness organizations, outdoor K-12 Sports, outdoor collegiate sports, outdoor recreational sports, outdoor pools, outdoor parks and hiking trails, outdoor campgrounds.**

- B. Ensure that physical distancing of at least six feet between individuals is maintained at all times.
- C. Consider holding recreation outdoors if it can be done safely, when it does not violate any local ordinances, and when participants and instructors can maintain six feet of physical distance.
- D. As applicable, limit exercise equipment stations to those located at least six feet apart. If equipment cannot be moved to facilitate physical distancing, it must be blocked from being used.
- E. As applicable, space out player equipment to prevent players from coming into direct contact with one another.
- F. Assign a physical distancing monitor to ensure compliance with all distancing requirements, including at entrances, exits, restrooms and any other area where people may gather.
- G. Develop a plan to limit the number of individuals admitted so that six feet of physical distancing can be maintained.
- H. Prohibit parties from congregating in parking lots for periods longer than reasonable to retrieve/return gear and enter/exit vehicles.
- I. Stagger arrival and departure times for individuals to minimize congregating at entrances, exits and restrooms to follow required physical distancing requirements.
- J. Encourage one-way flow with marked entrances and exits, but do not block egress for fire exits. Use signs to direct one-way flow of traffic.
- K. Assign designated areas for individuals, when not participating, to ensure physical distancing is maintained.
- L. When multiple events occur at the same sports complex/venue at the same time, operators are required to:
  - 1) Ensure staff, participants and spectators do not share space, including but not limited to restrooms, hallways, concession stands.
  - 2) Clean and sanitize commonly touched surfaces, such as door handles, between subsequent events.
  - 3) Ensure that high-traffic areas such as entrances, exits, check-in tables, restrooms and concession areas, are cleaned and sanitized between subsequent events.
  - 4) If staff, participants and spectators at the same event share a restroom, leave entrance/exit doors open, if possible, and ensure that commonly touched surfaces such as stall door handles and faucets are regularly cleaned and sanitized.

## **6. TRAINING AND PLAYING**

- A. Statewide, masks or face coverings are required to be worn by all individuals at all times, even while participating in activities. "Face covering" means a cloth, polypropylene, paper or other face coverings that covers the nose and the mouth and that rests snugly above the nose, below the mouth and on the sides of the face.
  - 1) Coaches, players, trainers and spectators are required to
    - a) Wear a mask or face covering at all times when indoors and outdoors.
    - b) Ensure that there is only the minimal or medium contact among participants during the contest (i.e., field, court, etc.)
    - c) Sideline participants (i.e., team bench, dugout, etc.) must maintain six feet of physical distance between individuals at all times.
- B. Consider conducting workouts in "pods" of students working out together weekly. Smaller pods can be utilized for weight training.
- C. Free weight exercises that require a spotter cannot be conducted while honoring physical distancing norms. Safety measures in all form must be strictly enforced in the weight room.
- D. Ensure that there is only the minimal or medium contact among participants needed to play the game.
- E. Prohibit handshakes, high fives, fist/elbow bumps, chest bumps and group celebrations.
- F. Encourage players to use only their own equipment when feasible. Avoid or minimize equipment sharing, when feasible.
- G. Some critical equipment may not be available to each player. When it is necessary to share critical or limited equipment, all

surfaces of each piece of shared equipment must be cleaned and disinfected frequently, as appropriate for the sport (e.g. between players, sets, periods, or games). Use disinfectants that are included on the [EPA List N: Disinfectants for Coronavirus \(COVID-19\)](#) for the SARS-CoV-2 virus that causes COVID-19.

- H. Clean all equipment that directly contacts the head, face and hands with extra attention and detail.
- I. Allow only trainers, coaches and players to attend practices to ensure physical distancing and prevent people from gathering.
- J. Schedule enough time between practices and games so all people from a previous practice can leave the premises before the next group enters. This minimizes gathering at entrances, exits and restrooms while providing sufficient time to sanitize the facilities/equipment.
- K. Require individuals to enter the premises through a designated entrance and exit through a designated exit. Do not block fire exits.
- L. Encourage staff, players and spectators to stay outside of the premises (e.g. in vehicles) until scheduled practice or play time. This allows people to leave the premises before entering and minimizes gathering.

#### **7. TRAVEL – [OHA Statewide Guidance \(Recommendations\) for Travel](#)**

- A. Limit exposure to those outside the travel unit during transit:
- B. All members of a travel unit including drivers, if on a bus or in a car, must wear a mask, face shield or face covering and ensure a minimum of three feet between passengers within the travel unit.
- C. Limit travel to those who have been in regular contact and are considered essential personnel (i.e., athletes, coaches, medical staff).
- D. Document the names of all passengers including the driver, along with the date and time of the trip and the vehicle number/license, if applicable.
- E. Allow drivers to transport multiple travel units if wearing a mask, face shield or face covering and sanitizing hands before and after each driving each group. Vehicles must be cleaned between transport of each travel unit following [transportation guidelines](#).
- F. To the extent possible, self-quarantine for 14 days upon return to Oregon if the individual has traveled out of state for recreational purposes or as part of an athletic traveling team.
- G. To the extent possible, travel and play the same day to avoid overnight stays, when feasible. For overnight stays or same-day travel, prepackaged meals or room service should be considered. If restaurant dining is the only option, consider take-out food or outdoor eating as alternatives.

### **OSAA TRACK & FIELD GUIDELINES**

1. Face coverings shall be worn at all times by all individuals in attendance.
2. Physical distancing measures shall be in place at all times other than when engaged in competition.
3. Sportsmanship is a key component, while physical contact of handshakes, fist-bumps, etc., are not allowed teams are encouraged to acknowledge their opponents in pregame and postgame rituals with a physical distance observance of the team's choosing.
4. Shot Put, Discus Throw, Javelin Throw should enforce physical distancing for all athletes and officials.
5. To limit contact athletes can provide their own implements (that pass inspection) and retrieve their own implements after all throws.
6. Long Jump and Triple Jump should enforce physical distancing for all athletes and officials.
7. High Jump and Pole Vault should enforce physical distancing for all athletes and officials.
8. To limit contact: athletes should not share vaulting poles.

### **NFHS RULES MODIFICATIONS DUE TO COVID-19**

**POSSIBLE RULE CHANGE CONSIDERATIONS** – States should abide by all NFHS rules as a default, adjusting relevant rules as needed to allow for COVID-19 risk mitigation factors where necessary for this year.

1. **RULE 5-10-5 CURRENT RULE** – The baton is the implement which is used in a relay race and is handed by each competitor to a succeeding teammate. Gloves are not permitted in relay events.
2. States may permit the use of gloves for this year.
3. Schools can bring their own batons, or they should be disinfected after each heat/race.
4. **RULE 6-4-11 and RULE 6-5-24** – States may consider alternate ways to conduct the vertical jumps. Lowering the cross bar after competition has begun may be one-way states may modify rules. With small numbers of competitors, states may wish to jump each athlete to completion.

## 2020 NFHS TRACK & FIELD RULES

*Competition for baseball, softball and track and field in the spring of 2021 will be administered and officiated utilizing the 2020 rules publications. The NFHS has made the decision not to publish new rules publications for the spring of 2021.*

*The NFHS Baseball Umpires Manual and the NFHS Track & Field/Cross Country Officials Manual (two-year publications 2021& 2022) will be new publications in spring 2021.*

Order a NFHS Track & Field and Cross Country Rules Book from the [OSAA Corner Store](#) or contact the OSAA (503.682.6722) for information.

For more information about NFHS Cross Country Rules, visit <http://www.nfhs.org/activities-sports/track-fieldcross-country/>.

### 2020 RULES CHANGES

4-6-5g 8-6-1e	Clarifies that a competitor should not be penalized for helping another competitor who is distressed or injured when no advantage is gained by the competitor who is assisting. <b>Rationale:</b> The committee believes when no advantage is gained by a competitor helping a distressed or injured competitor, the competitor assisting should not be penalized for exhibiting good sportsmanship.
5-3-3 & 4 5-10-6 thru 11	Clarifies that in the 4x100-meter relay and 4x200-meter relay, and other relays with legs of 200 meters or less, each exchange zone will be 30 meters long. All exchange zones for races in excess of 200 meters will remain at 20 meters. <b>Rationale:</b> In the 4x100-meter relay and 4x200-meter relay, and other relays with legs of 200 meters or less, each exchange zone will be 30 meters long. All exchange zones for races in excess of 200 meters will remain at 20 meters.
6-2-6	Clarifies that it is illegal to run backward or in the opposite direction (non-legal direction) on a horizontal jump, pole vault or javelin runway. <b>Rationale:</b> This change promotes a more organized and efficient warm-up period.
6-3-2-b-4-a	This change provides metric measurements for tie-breaking jump-offs for vertical jumps. <b>Rationale:</b> The committee established appropriate metric increments for tie-breaking jump-offs in the vertical jumps.
6-9-5	The length of long jump and triple jump pits constructed after 2019 shall be at least 23 feet (7 meters). <b>Rationale:</b> Clarifies the language of the 2019 rule change for long jump and triple jump pits and ensures pit measurements are within industry standards for safety.
8-1-1	Clarifies cross country course markings. <b>Rationale:</b> The reorganization of the rule states that a course should be clearly marked with any or all of the methods listed in the rule.
8-1-3	Clarifies cross country course layouts. <b>Rationale:</b> This rule change will not eliminate courses that may be used for smaller meets with limited numbers of participants. The additional language provides a recommended minimum distance for straightaways at the start of all meets.

### 2020 EDITORIAL CHANGES

5-11-1	A relay team shall pass their baton in accordance with the rules. <b>Rationale:</b> Clarifies that a team finishes the race with the same baton that it used at the start of the race.
5-1-5, 6-8-10d	

## **2020 POINTS OF EMPHASIS**

### **Meet Administration**

Providing a quality experience to track and field athletes, coaches, and spectators does not happen by accident. Many months of pre-planning and execution have occurred before the event is finalized and the first event begins.

Most standardized checklists include foundational topics such as: establishing entry limitations and substitution deadlines, securing meet personnel, developing a meet schedule, and preparing the facility to host the event. Quality meet administrators know and understand that while covering these essential items is certainly necessary and appropriate, the ability to drill down to the smallest details is equally important and critical for ensuring success.

While not included on most checklists, pay special attention to the following items as they can dictate the success or failure of your event:

- NFHS Rule 3-1-1 gives authority to the meet director to establish a custodian of awards. Double check prior to your event that the appropriate awards have been ordered and are available. This critical step will save you embarrassment in the moments and time after the event.
- NFHS Rule 3-4-7 allows the meet referee the authority to delegate the responsibility of counting laps for any race of two laps or more. Whomever is assigned to this duty must be confident and knowledgeable regarding counting laps and the likelihood of dealing with the potential for lapped runners. This is not a duty for a novice official or volunteer.
- NFHS Rule 3-5-3 outlines the situations that are eligible to protest/appeal. It is imperative that coaches understand the appeal structure and its available options. Having a clear and concise protocol that is delineated to coaches prior to the start of the event will pay benefits.
- NFHS Rule 3-18-3 designates the responsibility for ensuring that each flight of hurdles is set at proper height and prescribed point prior to each race. While moving hurdles on-and-off the track efficiently is essential, the system used to double check height and placement is also critical.
- NFHS Rule 3-18-4 outlines the responsibilities of the block chief. Assigning an individual(s) responsible to ensure that starting blocks are in good working order, are located at the starting line of each race, and removed after the start is one less responsibility usually placed on the starter or assistant starter.
- NFHS Rule 5-11-1 requires that in any relay race, a team must start and end the race with the same baton. Meet administrators should consider a system (color, number, etc.) that, if necessary, can assist officials in determining that the correct baton has been used by any team finishing a race.
- NFHS Rule 6-5-3 dictates that state associations determine their own procedures regarding verification that a pole vaulter participates on a legal pole. For those states that use some type of on-site weigh-in procedure for this verification process, it is important that the scale used to determine body weight is certified as accurate considering it will determine which pole(s) the athlete is eligible to use during the competition.

Putting on a quality track and field event is not easy. Do not let addressing the most obvious elements overshadow the less obvious during your planning.

### **Exchange Zone**

Recent changes within multiple track and field rules codes regarding the definition of relay exchange zones prompted the rules committee to adjust NFHS exchange zone rules.

The rule change does not require that tracks be repainted or resurfaced in order to be in compliance with NFHS rules. There is no immediate cost to schools as the current track markings can be utilized with minor modifications.

The acceleration zone is now incorporated into the exchange zone, thus creating a 30-meter exchange zone. Existing acceleration zone markings (triangles, squares) or colored tape placed at that location, may be used to denote the beginning of the exchange zones on a track.

In sprint relays such as the 4x100 meter and 4x200 meter, and other relays with legs of 200 meters or less, the outgoing runner, while waiting for the baton, must be positioned entirely inside the 30-meter exchange zone.

The exchange zones for relay races with legs more than 200 meters are not impacted by this rule change.

### **Assisting Injured Athletes**

NFHS rules in track and field and cross country outline that it is an unfair act when a competitor receives any assistance.

Previous changes to NFHS cross country rules created the exception that allows a competitor to assist an injured or ill competitor without being disqualified when medical staff is not present at the event because, in a clear majority of these types of situations, the action is intended to be an act of good sportsmanship and not an attempt to circumvent the rules. This same rule now applies to both sports and has been modified to include those situations in which medical assistance may be at the event but is not readily available to assist the injured or ill competitor.

The competitor who receives aid will be disqualified, but when no advantage is gained the competitor assisting should not be penalized for exhibiting good sportsmanship.

The final decision in these situations rests with the meet referee who has sole authority to rule on infractions, irregularities and disqualifications in a meet.

## **2020 RULES INTERPRETATIONS**

**Publisher’s Note:** The National Federation of State High School Associations is the only source of official high school interpretations. They do not set aside nor modify any rule. They are made and published by the NFHS in response to situations presented. Dr. Karissa L. Niehoff, Publisher, NFHS Publications © 2020

**RULES BOOK CORRECTIONS:** (Underlining shows additions; ~~strikethrough~~ shows deletions).

**3-2-3h:** Approved items (tape, chalk, half-tennis balls, etc.) and locations of these marks in the acceleration zones of ~~for~~ all relay races run in lanes.

**CASE BOOK CORRECTIONS:** (Underlining shows additions; ~~strikethrough~~ shows deletions.)

**3.2.4 SITUATION H:** In the 4x100-meter relay, Team A wishes to place a mark on the track outside the ~~acceleration~~ exchange zone to aid the outgoing runners in timing their start. The mark, or marker, is: (a) half of a colored tennis ball placed in Team A’s lane; or (b) a colored tongue depressor; or (c) a chalk mark. Meet management approves the marking in (a) and (b), but prohibits any markings such as chalk, water-soluble spray paint, etc. **RULING:** Correct procedure. **COMMENT:** The games committee and/or meet management is within its authority to prohibit all markings on any surface, including the running track. (3-2-3h);

**5.10.7 SITUATION B:** During a relay, A1 passes the baton to A2 in assigned Lane 1. A1, steps off the track. During the actual exchange, A1 was running on the grass surface outside the lane, but within the ~~acceleration~~ exchange zone while A2 remained within the assigned ~~acceleration and~~ exchange lane and zone. The baton was: (a) within the exchange zone, (b) outside the ~~passing~~ lane and zone when it was exchanged. No interference with any other competitor occurs. **RULING:** It is an illegal exchange in both (a) and (b). Team A is disqualified. **COMMENT:** The exchanges are illegal because in (a), A1 is off the track and in (b), the baton is not handed off in the exchange zone. It is not legal for the outgoing runner to touch the baton outside of the exchange zone.

**SITUATION 1:** The outgoing Runner 3 from Team A lines up outside the exchange zone in the 4x100-meter relay. As the incoming runner approaches, Runner 3 accelerates, and the exchange is made inside the 30-meter exchange zone. **RULING:** Team A is disqualified. **COMMENT:** Each outgoing competitor, while waiting for the baton, shall take a position entirely within the exchange zone and must complete the exchange while the baton is within the exchange zone. (5-10-9)

**SITUATION 2:** During warm-up for the javelin, the athletes are all working on their steps. Thrower B starts at the beginning of the sector and runs backward down the runway. The event judge notifies the field referee, who gives the thrower a verbal warning. **RULING:** Correct procedure. **COMMENT:** It is illegal to run backward or in the opposite direction on the javelin runway. The first offense shall result in a warning and, if repeated, disqualification from the event. Preventive officiating would encourage that this be included in pre-event discussions with all athletes prior to the runways being opened for warm-ups. (6-2-6)

**SITUATION 3:** In a 4x200 meter relay, competitors from both Team A and Team B drop their batons. In the confusion, the competitor from Team B picks up the baton from Team A and continues the race. The competitor from Team A is confused and looks for help. The umpire raises the flag and discusses the situation with the meet referee, who disqualifies Team B and offers a rerun to Team A’s coach. **RULING:** Correct procedure. **COMMENT:** A relay team must finish the race with the same baton with which it began the race. (5-11-1)

## **2020 COMMENTS ON THE RULES**

<b>4-6-5g</b>	Providing assistance to an injured or ill competitor is generally portrayed as good sportsmanship; therefore, may not be penalized. The competitor receiving assistance is disqualified, but when no advantage is gained by the competitor assisting or their team then the assisting competitor may not be penalized.
<b>5-3-3 and 4</b>	In relays with legs of 200 meters or less the acceleration zone has been eliminated and the exchange zone has been expanded 10 meters in the direction of the incoming competitor. The rule does not require that tracks be repainted or resurfaced so there is no immediate cost to schools. The committee believes that this change will ease the officiating of the exchange.
<b>6-2-6</b>	Running backwards or in the opposite, non-legal direction, is now a violation on all horizontal jumps, pole vault or javelin runways. The change provides a more organized warm-up period; giving athletes more awareness of their surroundings to help minimize injuries during warm-ups.

<b>6-3-2b</b>	Provides appropriate metric increments for vertical jumps tie-breaking jump-offs.
<b>6-9-5</b>	Clarifies the language of the 2019 rule change for long jump and triple jump pits and ensures pit measurements being built after 2019 are within industry standards for safety.
<b>8-1-1</b>	Redefines that a course should be clearly marked with any or all of the methods listed in the rule.
<b>8-1-3</b>	Provides recommendations for cross country course set-up including a straight away at the beginning of the course.

Requests for rule interpretations or explanations should be directed to the OSAA. The NFHS will assist in answering rules questions from the state associations whenever called upon.

## **OSAA ADOPTED TRACK & FIELD RULES AND INTERPRETATIONS**

*The 2020 NFHS Track & Field and Cross Country Rules Book will be used.*

### **OSAA TRACK & FIELD POLICIES**

**Effective during Association Year, outside the designated OSAA sport season.**

**1. PRACTICE LIMITATION RULE (6A, 5A Pilot All Classifications) IN EFFECT Season 2, 3 and 4 of 2020-21 SY (Revised February 2021)**

- A. Philosophy/Rationale.** The following statements outline the philosophy of this policy regarding in-season and out-of-season sports.
- 1) The spirit of the Practice Limitation Rule (6A, 5A Pilot) is that every school and participant shall have the same opportunity to practice prior to the first contest.
  - 2) The mission of OSAA member schools is to foster well-rounded individuals. The purpose of interscholastic athletics is to help educate boys and girls and not to prepare students for college athletics, which is a by-product of interscholastic competition available to a very small percentage of high school athletes.
  - 3) For most students, specialization in a single athletic activity is not in their best long-term interests.
  - 4) Students should be encouraged by coaches, administrators and parents to participate in a variety of school activities, including more than one sport during the school year.
  - 5) Schools should not allow use of school equipment, including uniforms and school district vehicles, and facilities by non-school organizations that promote a philosophy contrary to the above statements.
  - 6) ~~6A, 5A~~ Schools are looking to provide coaches with more opportunities for fundamental skill development at specified times during the Association Year.
  - 7) ~~6A, 5A~~ Schools believe that high school coaches are the individuals best-trained to guide and promote the health and physical welfare of all participants.
  - 8) ~~6A, 5A~~ Schools want to work with the OSAA to educate parents regarding the impact on the health and physical welfare of students who choose to specialize in one sport, year-round.
  - 9) There should be no promotion or publicity within a school for non-school programs, which promote a philosophy contrary to the above statements.
- B. Individual Sports Limitation.** Schools may conduct practices and/or contests in individual sports (cross country, golf, swimming, tennis, track & field, wrestling) only during the designated OSAA sports seasons as outlined in Rule 6. Local school districts and/or leagues should establish their own policy restricting the involvement of their individual sports coaches in out-of-season programs.
- ~~C. Closed Period. The Closed Period for out-of-season team sports begins on the first practice date of each Fall, Winter, and Spring season. Dates shall follow the NFHS Numbered Calendar, as adopted by the OSAA. The Closed Period shall last six weeks. During the six-week Closed Period, conditioning is the only activity allowed between out-of-season coaches and student(s) from their high school. Conditioning is defined as a session where students work on physical fitness and conditioning by use of weights, running, and/or exercises. Conditioning does not allow for the use of individualized and specialized sports equipment or apparatus, including but not limited to balls, bats, protective equipment, blocking dummies, batting cages, charging sleds and other implements related to specific OSAA activities. Participation in conditioning activities must be optional.~~

D. **Open Period.** The Open Period for all out-of-season team sports begins on the first **practice date of each season** ~~Monday following the six week Closed Period~~ and ends when the next OSAA defined season begins. Dates shall follow the NFHS Numbered Calendar, as adopted by the OSAA. Fundamental skill development with an unlimited number of the school's student-athletes is allowed for a maximum of six hours each week per program. All open facility times shall be included in the weekly limitation. It shall be a violation of the Practice Limitation Rule (~~6A, 5A Pilot~~ **All Classifications**) if there is any attempt by a coach during the Open Period to coach student-athletes from **their** high school in a contest in the activity **they** coach at that high school. For the purpose of this rule, a contest is any event (practice, scrimmage, game, etc.) that involves anyone other than the students at your high school. While boys' and girls' basketball (and soccer) are examples of the same sport, for the purpose of this rule they are considered different activities. Participation in Open Period fundamental skill development and/or conditioning must be optional. NOTE: The use of football protective equipment is prohibited from the conclusion of a school's regular and/or post-season until the end of the Association Year as outlined in Rule 6.7. This does not prohibit an individual student from using football protective equipment owned by the school when attending camps/clinics not organized by any member school personnel.

E. **Dates for the 2020-21 School Year.**

1) **OSAA Season 2.**

- a) Official Practices begin for **Season 2** Team Sport Coaches – Monday, **February 22** (Week **34**).
- ~~b) Closed Period for all **Season 3 and 4** Team Sport Coaches – Monday, **February 22** – Sunday, **April 4** (Weeks **26-29**).~~
- c) Open Period for all **Season 3 and 4** Team Sport Coaches – Monday, **February 22** – Sunday, **April 11** (Weeks **34-41**).
- d) Coaching Ends for **Season 2** Team Sport Coaches – On the **qualifying** date or when all **culminating events** have concluded for that school in that sport.

2) **OSAA Season 3.**

- a) Official Practices begin for **Season 3** Team Sport Coaches – Monday, **April 5** (Week **40**).
- ~~b) Closed Period for all **Season 2 and 4** Team Sport Coaches – Monday, **February 22** – Sunday, **March 14** (Weeks **34-37**).~~
- c) Open Period for all **Season 2 and 4** Team Sport Coaches – Monday, **April 5** – Sunday, **May 23** (Weeks **40-47**).
- d) Coaching Ends for **Season 3** Team Sport Coaches – On the **qualifying** date or when all **culminating events** have concluded for that school in that sport.

3) **OSAA Season 4.**

- a) **Official Practices begin for Season 4 Team Sport Coaches – Monday, May 10 (Week 45).**
- ~~b) **Closed Period for all Season 2 and 3 Team Sport Coaches – Monday, April 19 – Sunday, May 9 (Weeks 42-45).**~~
- c) **Open Period for all Season 2 and 3 Team Sport Coaches – Monday, May 10 – Sunday, June 13 (End of Association Year) (Weeks 45-50).**
- d) **Coaching Ends for Season 4 Team Sport Coaches – On the qualifying date or when all culminating events have concluded for that school in that sport.**

4) **OSAA Summer Season.**

- a) Summer Season for **Season 2, 3 and 4** Team Sport Coaches – **Sunday, June 13 (End of Association Year) – Sunday, August 15 (Weeks 50-7).**
- b) Moratorium Week – Sunday, **July 25** – Saturday, **July 31** (Week 4).

1. **Q.** Under the Practice Limitation Rule (~~6A, 5A Pilot~~ **All Classifications**), may a coach work on fundamental skill development with two students a day as was allowed previously?

**A.** Yes, but only during the Open Period. During the Open Period coaches may work with an unlimited number of students on fundamental skill development for a maximum of six hours each week per program. All open facility times shall be included in the weekly limitation. During the Closed Period coaches are prohibited from working on fundamental skill development with any students.

2. **Q.** Under the Practice Limitation Rule (~~6A, 5A Pilot~~ **All Classifications**), may **students who do not currently attend your school** and/or students planning to transfer to your high school participate in fundamental skill development during the Open Period?

**A.** No. Only full-time students currently attending your school, or students eligible to participate for your school via Rule 8.5 School Representation, are allowed to participate in fundamental skill development during the Open Period.

3. Q. Under the Practice Limitation Rule (~~6A, 5A Pilot~~ **All Classifications**), is a coach allowed to coach student-athletes from **their** high school in a contest during the Association Year outside their sport season in the activity **they** coach at that high school?  
A. No.
4. Q. Under the Practice Limitation Rule (~~6A, 5A Pilot~~ **All Classifications**), are coaches allowed to work on fundamental skill development with their students during the Open Period and organize their students to participate in contests while being coached by someone else?  
A. No.
5. Q. Under the Practice Limitation Rule (~~6A, 5A Pilot~~ **All Classifications**), how does the maximum of six hours each week per program work during the Open Period?  
A. Any fundamental skill development involving a coach and any number of students from the coach's school in the activity **they** coach at that high school counts toward the maximum of six hours each week per program (football, girls' basketball, boys' basketball, etc.). A week is defined as Monday-Sunday. All open facility times shall be included in the weekly limitation.
6. Q. Are open gyms still permissible under the Practice Limitation Rule (~~6A, 5A Pilot~~ **All Classifications**)?  
A. Yes, provided they occur during the Open Period and fall within the maximum of six hours each week per program. The terminology has been changed to "open facility" and is applicable to gymnasiums, fields, tracks, etc.
7. Q. What are the penalties if a high school coach violates the Practice Limitation Rule (~~6A, 5A Pilot~~ **All Classifications**) by coaching members of his or her team during the Closed Period or in an out-of-season contest?  
A. Rule 5, "Violations of Regulations – Penalties" – outlines violations of rules and penalties. As outlined in Rule 5.2., violations of any rule of the OSAA could include probation, forfeiture, fines, suspension or expulsion from the Association. The Executive Board would determine the penalty.
8. Q. Is a school in violation of the Practice Limitation Rule (~~6A, 5A Pilot~~ **All Classifications**) if an unpaid volunteer coach coaches both the high school team and an out-of-season team during the OSAA year?  
A. Yes, this would be a violation. The Practice Limitation Rule (~~6A, 5A Pilot~~ **All Classifications**) applies to any coach associated with a high school program (paid, volunteer, etc.).
9. Q. Under the Practice Limitation Rule (~~6A, 5A Pilot~~ **All Classifications**), may two high school coaches "trade" teams and coach each other's teams in an out-of-season contest, or may a person coach a high school team and then arrange for **their** parent/spouse/family member to coach the out-of-season club team during the Association Year?  
A. No. The intent of the rule is to provide high school coaches with more opportunities to teach fundamental skill development during specified times during the Association Year.
10. Q. A coach of a high school team arranges for a parent/spouse/family member to coach that same team in an out-of-season contest during the Association Year. Is this legal under the Practice Limitation Rule (~~6A, 5A Pilot~~ **All Classifications**)?  
A. No, this would be considered a violation.
11. Q. Under the Practice Limitation Rule (~~6A, 5A Pilot~~ **All Classifications**), may a high school coach work with a group of 9th graders before they turn out for a sport?  
A. Yes, provided it occurs during the Open Period.
12. Q. Under the Practice Limitation Rule (~~6A, 5A Pilot~~ **All Classifications**), may a high school coach conduct club team tryouts prior to the end of the Association Year?  
A. Yes, provided that the tryouts don't include students from the coach's high school in the activity **they** coach. Coaches may conduct club team tryouts for non-high school students, students from other high schools, and/or students from the coach's high school in an activity **they** don't coach.
13. Q. Under the Practice Limitation Rule (~~6A, 5A Pilot~~ **All Classifications**), may students serve as demonstrators at a clinic or camp at which their school coach is making a presentation outside of the OSAA season for that sport?  
A. Yes, provided the clinic or camp occurs during the Open Period or Summer Season.
14. Q. Under the Practice Limitation Rule (~~6A, 5A Pilot~~ **All Classifications**), may a coach own a club on which there are teams, which includes members of **their** school?  
A. Yes, but the coach may not personally coach a team with members of **their** school in the activity **they** coach at that high school during the Closed Period. During the Open Period the coach may conduct fundamental skill development and/or conditioning but may not coach members of **their** school in a contest in the activity **they** coach at that high school.
15. Q. May a coach be present at a camp, clinic or practice during the Closed Period in the activity **they** coach at that high school if **their** high school students are attending as participants?  
A. No, a coach may not attend as an instructor or observer.

16. Q. Would it be a violation of the Practice Limitation Rule (~~6A, 5A Pilot~~ **All Classifications**) for a coach to teach members of the high school program in a sport-specific class outside of the season for that sport during the Association Year?
- A. No, so long as the sport-specific class meets the following conditions:
- 1) The coach must be the teacher of record for the sport-specific class, and
  - 2) The sport-specific class must be part of the regular school curriculum for which credit is granted, and
  - 3) Enrollment in the sport-specific class must not be limited to team members.
17. Q. Would it be a violation of the Practice Limitation Rule (~~6A, 5A Pilot~~ **All Classifications**) if a school was to offer a sport specific class for which the coach is not the teacher of record, and the coach was allowed to attend the class as a guest and teach sport specific skills to members of the high school program outside of the season for that sport during the Association Year?
- A. Yes.
18. Q. At what point does the OSAA consider a person to be a school's coach?
- A. Once a person and a school have verbally agreed that the person will perform coaching duties for the school, **they** are considered to be that school's coach by the OSAA. At that time, all OSAA policies are in effect for that coach until such time that the coach resigns or is notified by the school that they are no longer a coach for that school.
19. Q. May a returning coach work with students outside their designated sports season since the coach working under a one-year contract and has not signed a contract for the coming year?
- A. No. Once a person becomes a school's coach, the OSAA considers that person to be a coach for the school until such time that the coach resigns or is notified by the school that they are no longer a coach for that school. Coaches who resign and are then brought back in a coaching capacity by the same school in an attempt to circumvent OSAA policy are subject to penalties as outlined in Rule 5, "Violations of Regulations - Penalties."
20. Q. A school is conducting interviews for a vacant coaching position. Is the interviewee allowed to conduct a practice in part of the interview process?
- A. Yes, but the trial practice session shall be no longer than 30 minutes in length.
21. Q. Under the Practice Limitation Rule (~~6A, 5A Pilot~~ **All Classifications**), may a high school coach work with **their** own children during the Closed Period?
- A. Yes, a coach may work with **their** own children at any time.
22. Q. May a high school coach be present as a spectator at an out-of-season club team contest if **their** high school student(s) are participating on the team?
- A. Yes, this is allowed during both the Closed and Open Period.
23. Q. During the Closed Period, may a high school facility be used by an out-of-season student from that high school?
- A. Yes, provided no coach from that school organizes the usage, is involved in it or is in attendance.
24. Q. During the Closed Period, may a high school facility be used by an out-of-season coach to hold an out-of-season event or open facility?
- A. Yes, provided no student from **their** high school is present.

## Effective First Practice Date through End of HS Season.

### 1. **PRACTICE MODEL** (*OSAA Handbook, Executive Board Policies*)

**(Revised Summer 2020)**

Schools and students are required to adhere to the following practice model.

- C. **All other sports** (Cheerleading, Swimming, Wrestling, Basketball, Dance/Drill, Golf, Tennis, Track & Field, Baseball, Softball)
- 1) All practices shall allow for water breaks and general acclimatization to hot and/or humid weather. Ample amounts of water should always be available and a student's access to water should not be restricted. In addition, all practices shall follow the fundamentals set forth in the NFHS's Heat Acclimatization and Heat Illness Prevention Position Statement. While the risk of heat illness is greatly dependent upon weather conditions, the fundamentals in the NFHS's Heat Acclimatization and Heat Illness Prevention Position Statement promote safety and diminish injury risk in any setting.
  - 2) Students may participate in multiple practice sessions per day, but not on consecutive days. **Multiple practice sessions per day are prohibited for the 2020-2021 school year.**
    - a) Single Practice Session. No single practice session shall be longer than three hours, including warm-up and cool down. On days with a single practice session, students are limited to a maximum of one hour of weight training either before or after practice but not both.

- 3) A student may not practice or participate in a contest for more than six consecutive days without a rest day. A rest day must be complete rest – no organized team physical activity is allowed. Travel is allowed on a rest day.
- 4) **A student shall become eligible to participate in a jamboree or interscholastic contest/meet/competition after completing a minimum of ~~nine~~ five days of actual practice.**

1. **Q.** Can the one-hour weight training session allowed on single practice days be conducted both prior to practice and after practice if players only participate in one of the weight training sessions?  
**A.** Yes, multiple one-hour weight training sessions may be held but individual players are limited to participation in a single session.
2. **Q.** Is the one-hour weight training session allowed on single practice days required to be “immediately” prior to and after the practice?  
**A.** No, the training session does not have to immediately precede or follow the scheduled practice.
3. **Q.** Is the one-hour weight training session allowed on single practice days also allowed on multiple practice days?  
**A.** No, weight training conducted on multiple practice days counts toward the daily five-hour practice limit.
4. **Q.** On single practice days, may coaches conduct classroom-training sessions that would involve no physical activity?  
**A.** Yes, classroom instruction that requires no physical activity is allowed and does not count towards the daily five-hour practice limit.
5. **Q.** Is classroom instruction with no physical activity allowed during the required three-hour recovery period between multiple practices?  
**A.** Yes, classroom instruction that requires no physical activity is allowed during the recovery period.
6. **Q.** A team plans to conduct multiple practices on a single day but wants to reduce the length of each practice to 90 minutes. Can the team reduce the required recovery time of three hours between practice sessions because they have used less than the maximum practice time allowed?  
**A.** No, the three-hour recovery period between practices is required regardless of practice length.
7. **Q.** Are multiple practices on a single day required for all Fall teams?  
**A.** No, teams are not required to have multiple practices on a single day. If multiple practices are conducted, the second practice of the first two multiple practice days is a teaching session only.
8. **Q.** What is the definition of a “teaching session”?  
**A.** During a teaching session, the intensity, duration, and pace of all practice components shall be modified from a normal practice session. The focus of a teaching session should be directed at developing skills fundamental to the sport at a significantly reduced pace. In Football, light contact with bags is allowed but Live Action situations are prohibited. Practice components in all activities intended to develop skills while conditioning the athlete at the same time are not allowed. Coaches are encouraged to use this “teaching session” to address offensive and defensive strategies, skill development drills and other types of team building activities that do not involve conditioning.
9. **Q.** How do you calculate practice time for multiple sport athletes participating in more than one Fall sport?  
**A.** Practice hours are cumulative. On a single practice day, the three-hour practice limit may be split between the two sports but the total practice time, including any breaks, must fit within the three-hour limit. On a multiple practice day, the daily five-hour practice limit may be split between the two sports but all required recovery periods must be implemented. Any participation for a fraction of a half hour counts as a half hour towards the daily practice limit.
10. **Q.** If Fall multiple sport athletes practice one hour with the Football team and two hours with the Soccer team are they required to have a recovery period between the two practices?  
**A.** No, this is considered to be one three-hour practice and no recovery period is required. If the combined practice time, including any breaks, exceeds three hours then a three-hour recovery is required.
11. **Q.** May a team practice for 2 hours, take a 30-minute break, and resume for 1 hour?  
**A.** No, this would constitute a violation. Teams may not exceed the maximum practice time of three hours, including all breaks within the schedule.
12. **Q.** In football, are 7-on-7 drills permissible during teaching sessions?  
**A.** Yes, provided that they comply with the foregoing “teaching session” requirements.

2. **PARTICIPATION LIMITATIONS** (*OSAA Handbook, Participation Limitations, Track and Field*)

**(Revised December 2020)**

- A. **Team**. A school team shall not compete in more than ~~12 meets nine meets eight meets~~ **10 meets** at each level of competition, exclusive of the varsity district meet and state championships. **A meet, whether one day or two days, shall count as one**

**meet.** There is no limitation on the number of schools that may participate in a track and field meet. Any time a student participates representing **their** school, it shall count toward the school's team limitation.

B. **Individual.** A student shall not compete in more than ~~12 meets nine meets eight meets~~ **10 meets**, exclusive of the varsity district meet and state championships. A one-day meet shall count as one meet and a two-day meet shall count as two meets.

1) A contestant shall not enter or compete in more than two distance races – 800, 1500 and 3000. If a contestant does enter or compete in all three-distance events, that contestant's school shall forfeit the meet. If a contestant violates the Rules Book limit of four events but does not violate the Executive Board distance race limit, then all points earned by that contestant in the meet are forfeited.

1. Q. If three schools compete in a track and field meet and score it not only as a triangular meet but also as two separate dual meets for each school, how many meets are counted toward each school's limit of ~~12 meets nine meets eight meets~~ **10 meets**?

A. One meet is counted against each school. It does not matter how many different ways the meet is scored.

3. **INTERRUPTED CONTESTS** (OSAA Handbook, Executive Board Policies) (Revised Fall 2015)

Following is the policy concerning interrupted athletic contests. **NOTE:** For state championship final games, the OSAA staff shall take jurisdiction and make any decisions rather than the schools involved.

J. **Track and Field.** Contest shall be continued from point of interruption unless teams mutually agree otherwise or there are athletic district rules that apply. **NOTE:** If contest was interrupted during a running event, the event shall be repeated.

4. **ENDOWMENT GAMES** **SUSPENDED for the 2020-21 School Year**

## OSAA GENERAL POLICIES

1. **ADVERSE WEATHER CONDITIONS / AREA-WIDE EMERGENCY PROCEDURES** (OSAA Handbook, Executive Board Policies) **(May 2020)**

*There may be times in the interest of minimizing risk due to adverse weather conditions and/or a clear area-wide emergency that it becomes necessary to postpone, cancel, and/or reschedule regular season or postseason events. The intent of this policy is to outline procedures and policies to provide guidance to OSAA member schools when such conditions impact an event.*

A. **Regular Season Events.**

1) **Administrators have the responsibility to define and communicate contingency plans in the event of adverse weather conditions and/or a clear area-wide emergency. A stepwise progression that places emphasis on minimizing risk for athletes, coaches, contest staff, spectators, and contest officials will be used to help guide decision makers on the appropriate course of action.**

2) **The following steps shall be taken:**

a) **Suspend the Event:** NFHS rules allow officials to “delay” or “suspend” any contest where factors may endanger the participants. At no time may officials “terminate” a contest between schools unless administrators or representatives from each school mutually agree to end the contest. If the participating schools involved mutually agree to end the game the contest will be considered complete. Officials should use the following guidelines when choosing to suspend a contest:

Starting Time of the Event	8am to 12pm	12:01pm to 3:30pm	3:31pm to 6pm	After 6pm
Maximum Suspension	3 hours	2 hours	1.5 hours	1 hour

b) **Modify the Event:** NFHS rules in most sports and activities allow for modifications to timing and structure if necessary, with mutual agreement of participating schools, to address factors that may endanger the participants.

c) **Reschedule the Event:** When situations arise involving a suspension of play and the participating schools cannot reach mutual agreement on ending the contest, the following steps shall be taken:

- (1) **Convene a meeting between representatives from participating teams**
- (2) **Review and record contest details up to the point of suspension**
- (3) **Review each of the following options**

Option	Implication	Contest Result
Schools agree to reschedule contest during the current game week (i.e. Friday game, continued on Saturday or Sunday).	See Executive Board Policy, "Interrupted Contests" procedures for specific sport/activity.	Upon conclusion result is final.
Schools agree to reschedule contest during a future game week (i.e. Friday game, continued on following Tuesday).	See Executive Board Policy, "Interrupted Contests" procedures for specific sport/activity.	Upon conclusion result is final.
Schools cannot reach agreement on when to reschedule contest.	Contest is suspended.	No Result.

- d) **Cancel the Event:** *Canceling the contest is not an option if the cancellation has a bearing on advancing a team(s) to the final site.*

**B. OSAA Final Site Events.**

- 1) *A culminating event shall be defined as the event(s) conducted at the final site only. Early round contests and district qualifying should tournaments follow the stepwise progression listed in part A.*
- 2) *School personnel have the responsibility of making alternative travel plans to final sites based upon adverse weather forecasts and any other pertinent information. It shall be the responsibility of the participating school(s) to notify the OSAA Executive Director or OSAA staff designee if the school is having difficulty traveling to the final site and may not arrive in time for the scheduled event(s) due to adverse weather conditions or a clear area-wide emergency.*

**C. Championship Final Site Specifics.**

- 1) *If a team/individual is unable to arrive at a final site for their scheduled competition due to adverse weather conditions or a clear area-wide emergency, that team/individual will be allowed to participate in their scheduled event provided they arrive at the site and are able to compete on the day of their scheduled event. In this situation the OSAA Executive Director or OSAA staff designee, shall adjust the schedule of the event for the purpose of allowing maximum participation for all qualified schools when these conditions are present. If the team/individual is unable to arrive to compete on the day of their event, and NFHS playing rules allow the modification, a forfeit is recorded and that team/individual shall move into the consolation bracket or be dropped from competition, whichever is applicable to the event.*
- 2) *When the number of teams/individuals unable to reach the final site for their scheduled event due to adverse weather conditions or a clear area-wide emergency exceeds 25% of those participating, the OSAA Executive Director or OSAA staff designee, shall consider postponement or cancellation of all or part of the event. An alternative schedule shall be determined by OSAA Executive Director or OSAA staff designee. Should the need arise for the schedule of a final site to be altered the next available date, including Sunday, will be used.*
- 3) *For the purpose of this policy, the TOTAL number of teams/individuals scheduled to attend the final site for that classification shall be the number used from which to obtain the percentage of those needed, regardless of the total number of classifications scheduled to attend the event.*
- 4) *Note: For the purpose of this policy, when the percentage used results in a number that is not a whole number, the number shall be rounded up to the next whole number. For example, if a tournament is being held for 30 teams, 25% of the total would be 7.5 which would be rounded up to 8.*

**D. Procedures to Follow If Contests at The Final Site Are Rescheduled.**

- 1) *The OSAA Executive Director or OSAA staff designee has the final authority on final site contest rescheduling.*
- 2) *If contests are rescheduled on the same day as originally scheduled but at a different site, the semifinal and championship contests will be scheduled at the same time or later than originally scheduled.*
- 3) *Time between contests may be shortened. Example: If contests were originally scheduled at two-hour intervals, they may be rescheduled at one and one half-hour intervals.*
- 4) *Individuals/teams shall be granted a minimum of 20 minutes for rest between contests.*
- 5) *Whenever possible, contests played on the final day of the tournament shall be scheduled to allow individuals/teams to return to their home community that day.*
- 6) *If during the last scheduled day at the final site, contests are unable to be restarted requiring postponement overnight, only those individuals/teams still in contention for the championship will continue play. Individuals/teams not in*

*contention for the championship shall be awarded a tie for the highest placing that could have been earned if postponement had not been necessary.*

E. *Ticket revenue will not be refunded in the event the schedule and/or day(s) of the event are changed due to adverse weather conditions or a clear area-wide emergency.*

2. **AIR QUALITY GUIDELINES** (OSAA Handbook, Executive Board Policies)

(May 2018)

These guidelines, created in consultation with the Oregon Health Authority (OHA), provide a default policy to those responsible or sharing duties for making decisions concerning the cancelation, suspension and/or restarting of practices and contests based on poor air quality.

A. **Designate Personnel:** Given the random behavior of wind and air currents, air quality may change quickly. Schools shall designate someone who will monitor the air quality prior to and during outdoor activities. While typically due to wildfires, schools need to also consider non-wildfire situations if the air quality is unhealthy.

B. **Areas with Air Reporting Stations:** The Air Quality Index (AQI) should be monitored throughout the day, and during an event, to have the best data possible to make informed decisions about conducting practices and competitions. School personnel shall review the AQI information for all regions throughout the state on either the Oregon Department of Environmental Quality (DEQ) website at <https://oraqi.deq.state.or.us/home/map>, the Oregon DEQ app "OregonAir", or on the Environmental Protection Agency (EPA) Air Now website at [https://airnow.gov/index.cfm?action=airnow.local\\_state&stateid=38](https://airnow.gov/index.cfm?action=airnow.local_state&stateid=38) to determine if action is necessary (see chart below). Schools shall regularly review the AQI throughout events to assess deteriorating conditions.

C. **Areas without Air Reporting Stations:** Given the random behavior of factors related to the calculation of the AQI levels in different areas of the state (wind speed and direction) member schools not near a reporting station should consult with local state and/or federal authorities to help determine the AQI level in your specific area. If air monitoring equipment is not available, member schools should utilize the 5-3-1 Visibility Index to determine air quality.

1) 5-3-1 Visibility Index: Making visual observations using the 5-3-1 Visibility Index is a simple way to estimate air quality and know what precautions to take. While this method can be useful, you should always use caution and avoid going outside if visibility is limited, especially if you are sensitive to smoke.

(a) Determine the limit of your visual range by looking for distant targets or familiar landmarks such as mountains, mesas, hills, or buildings at known distances. The visual range is that point at which these targets are no longer visible. As a rule of thumb: If you can clearly see the outlines of individual trees on the horizon it is generally less than five miles away. It is highly recommended that schools use pre-determined landmarks that were established on a clear day to determine their visual range.

(b) Ideally, the viewing of any distant targets should be made with the sun behind you. Looking into the sun or at an angle increases the ability of sunlight to reflect off of the smoke, thus making the visibility estimate less reliable.

(c) Be aware that conditions may change rapidly and always use the more conservative of multiple metrics (AQI, 5-3-1 Visibility Index, etc.).

D. **Act:** This chart will help determine the action needed based on the air quality in your area.

Air Quality Index (AQI)	5-3-1 Visibility Index	Required Actions for Outdoor Activities
51 -100	5-15 Miles	Athletes with asthma should have rescue inhalers readily available and pretreat before exercise or as directed by their healthcare provider. All athletes with respiratory illness, asthma, lung or heart disease should monitor symptoms and reduce/cease activity if symptoms arise. Increase rest periods as needed.
101 -150	3-5 Miles	Because they involve strenuous activity for prolonged periods of time, all outdoor activities (practice and competition) shall be canceled or moved to an area with a lower AQI. Move practices indoors, if available. Be aware that, depending on a venue's ventilation system, indoor air quality levels can approach outdoor levels.

151 -200	1-3 Miles	Because they involve strenuous activity for prolonged periods of time, all outdoor activities (practice and competition) shall be canceled or moved to an area with a lower AQI. Move practices indoors, if available. Be aware that, depending on a venue's ventilation system, indoor air quality levels can approach outdoor levels.
>200	1 Mile	Because they involve strenuous activity for prolonged periods of time, all outdoor activities (practice and competition) shall be canceled or moved to an area with a lower AQI. Move practices indoors, if available. Be aware that, depending on a venue's ventilation system, indoor air quality levels can approach outdoor levels.

E. **Additional Resources:** Schools may also refer to OHA's fact sheet regarding School Outdoor Activities During Wildfire Events at <https://apps.state.or.us/Forms/Served/1e8815h.pdf>. NOTE: While OHA's guidelines do allow for light outdoor activities in the orange level, the intensity and duration of high school practices/competitions are not considered light activity.

3. **ATTACHED AND UNATTACHED COMPETITION / EXHIBITION** (OSAA Handbook, Executive Board Policies) (Revised August 2012)

Following is the policy regarding attached and unattached competition:

- A. A high school team shall not compete against an unattached team (e.g., club team).
- B. Students representing a high school shall not compete against unattached individuals.
- C. Students shall not represent a high school and participate in a competition or exhibition as unattached on the same day at the same venue/facility.

4. **CERTIFICATION – ATHLETIC DIRECTORS AND COACHES** <http://www.osaa.org/coaches/requirements> (Revised Spring 2019)

Athletic directors and coaches shall achieve certification in the following areas prior to assuming duties as an athletic director or coach. The high school principal shall be held accountable for verifying that athletic directors and coaches have been certified. **EXCEPTION:** Any emergency exception to an OSAA requirement must be authorized in writing by the OSAA.

- A. **NFHS Fundamentals of Coaching.** The OSAA requires that athletic directors and coaches must achieve a passing score on the test included with the NFHS Fundamentals of Coaching course. This is a one-time requirement.
- B. **Concussion Recognition and Management Training.** The OSAA and Oregon State Law ([ORS 336.485](#)) requires that athletic directors and coaches receive training to learn how to recognize the symptoms of a concussion and how to seek proper medical treatment for a person suspected of having a concussion. The NFHS's Concussion in Sports free course satisfies this requirement. This training is required annually.
- C. **NFHS Heat Illness Prevention.** The OSAA requires that athletic directors and coaches must achieve a passing score on the test included with the NFHS's Heat Illness Prevention free course. This training is required once every four years.
- D. **Anabolic Steroids and Performance-Enhancing Substances Training.** The OSAA and Oregon State Law ([ORS 342.726](#)) require that athletic directors and coaches receive training on identifying the components of anabolic steroid abuse and use and prevention strategies for the use of performance-enhancing substances. This training is required once every four years.
- E. **Spirit Safety Clinic (Cheerleading and Dance/Drill Coaches Only).** The OSAA requires that any cheerleading or dance/drill coach receive spirit safety training by achieving a passing score on the test included with the OSAA's online Spirit Safety Clinic. This training is required annually.
- F. **Heads Up Football Certification.** The OSAA requires that any football coach complete the USA Football Heads Up Certification prior to assuming coaching duties and to recertify annually prior to the beginning of each Association year. Additionally, each member school sponsoring football is required to identify a Player Safety Coach. Each Player Safety Coach is required to attend an in-person clinic biennially prior to the start of the Association year that is conducted by a USA Football Master Trainer in preparation for implementing and overseeing the primary components of Heads Up Football at their school.

1. **Q.** Does certification through the American Sport Education Program (ASEP) satisfy the requirement in Rule 1.4?  
**A.** Yes, so long as the athletic director or coach was certified through ASEP prior to August 1, 2007. Thereafter, only the NFHS Coach Education Program "Fundamentals of Coaching" will satisfy this requirement unless an exception is granted in writing by the OSAA.

2. **Q.** When must a coach be certified?  
**A.** All coaches must be certified prior to assuming coaching duties unless an emergency exception is authorized in writing by the OSAA. This includes cheerleading coaches, dance/drill coaches and choreographers at schools that do not participate in competitions.

3. **Q.** Is certification required of volunteer coaches?  
**A.** Yes.
4. **Q.** Must a “guest” coach be certified?  
**A.** No, but if the coach has contact with students more than three times in a sport season, the coach shall no longer be considered a “guest” and must be certified. A non-certified “guest” coach may not serve as a coach at a contest.
5. **Q.** May a school bring in alumni or other non-high school personnel to scrimmage with teams or individuals as “guest coaches” if those personnel are limited to student contact on no more than three occasions during the sport season?  
**A.** No. The “guest coach” exception is intended to allow a limited number of visits by a guest instructor; it is NOT intended to allow coaches to bring in coaches or players to participate in drills or scrimmages against teams or individuals. Any attempt to circumvent the Participation Limitations by calling practice participants “guest coaches” would be a violation of OSAA rules.
6. **Q.** In individual sports, may a parent or non-certified coach accompany a participant to a contest as the school representative if that person is an authorized representative of the principal?  
**A.** Yes, but the authorized representative may not coach the participant unless specific permission has been granted in writing by the Executive Director.
7. **Q.** Does the OSAA require high school coaches to have current first aid certification?  
**A.** No. However, coaches should check with their athletic directors as most high schools have this as a requirement.
8. **Q.** What is required of a Player Safety Coach (PSC) during the year they attend an in-person PSC clinic in order to be Heads Up Football certified?  
**A.** Coaches attending an in-person PSC clinic are required to complete the following online courses in order to be Heads Up Football certified: Concussion Recognition and Training; Heat Illness Prevention.
9. **Q.** What is required of every football coach, including previously certified PSC coaches, not attending an in-person PSC clinic in order to be Heads Up Football certified?  
**A.** Every football coach, including previously certified PSC coaches, not attending an in-person PSC clinic is required to complete the following online courses in order to be Heads Up Football certified: Concussion Recognition and Training; Heat Illness Prevention; Blocking and Defeating Blocks, Shoulder Tackling & Equipment Fitting; Sudden Cardiac Arrest.

5. **CONCUSSION MANAGEMENT** (OSAA Handbook, Executive Board Policies) **(Revised Summer 2020)**

**(Medical Release – Return to Participation Following a Concussion)** **(Medical Release – Return to Learn Following a Concussion)**

A. **Member School’s Responsibilities** (Max’s Law, **ORS 336.485**, **OAR 581-022-0421**) (Jenna’s Law, **ORS 417.875**) (**Qualified Health Care Professional**, **ORS 336.490**)

- 1) **Suspected or Diagnosed Concussion.** Any athlete who exhibits signs, symptoms or behaviors consistent with a concussion following an observed or suspected blow to the head or body, or who has been diagnosed with a concussion, shall not be permitted to return to that athletic contest or practice, or any other athletic contest or practice on that same day. In schools which have the services of an athletic trainer **licensed** by the Oregon Board of Athletic Trainers, that athletic trainer may determine that an athlete has not exhibited signs, symptoms or behaviors consistent with a concussion, and has not suffered a concussion, and return the athlete to play. Athletic trainers may also work in consultation with **a Qualified Health Care Professional** (see below) in determining when an athlete is able to return to play following a concussion.
- 2) **Return to Participation.** Until an athlete who has suffered a concussion is no longer experiencing signs, symptoms, or behaviors consistent with a concussion, and a medical release form signed by **a Qualified Health Care Professional** is obtained, the athlete shall not be permitted to return to athletic activity. **As of July 1, 2020, ORS 336.490 requires athletes be cleared by one of these Oregon Qualified Healthcare Professionals: Medical Doctor (MD), Osteopathic Doctor (DO), Chiropractic Doctor (DC), Naturopathic Doctor (ND), Nurse Practitioner (NP), Physician Assistant (PA), Physical Therapist (PT), Occupational Therapist (OT) or Psychologist who is licensed or registered under the laws of Oregon. Before signing any RTP forms, except for MD and DO signers, course completion certificates from the Oregon Concussion Return-To-Play Education must be obtained by all DC, ND, PT and OT and, after July 1, 2021, by all NP, PA and Psychologists.**

3) **Private Schools Only.** **(Concussion-Private School Informed Consent)**

On an annual basis prior to participation, private schools shall require each **athlete** and at least one parent or legal guardian of the **athlete** to sign the Concussion – Private School Informed Consent form acknowledging the receipt of information regarding symptoms and warning signs of concussions. Private schools shall maintain a copy of each **athlete**’s signed form on file for review at any time by OSAA staff.

B. **Official's Responsibilities.**

An official shall remove ***an athlete*** from a contest when that ***athlete*** exhibits signs, symptoms or behaviors consistent with a concussion due to an observed or suspected blow to the head or body. The official shall document and notify the head coach or ***their*** designee making sure that the head coach or designee understands that the ***athlete*** is being removed for exhibiting signs, symptoms or behaviors consistent with a concussion as opposed to behavior, a non-concussive injury or other reasons. The official is not responsible for evaluation or management of the ***athlete*** after ***they are*** removed from play. The official does not need written permission for ***an athlete*** to return nor does the official need to verify the credentials of the ***Qualified Health Care Professional*** who has cleared the ***athlete*** to return. The responsibility of further evaluating and managing the symptomatic ***athlete*** falls upon the school and ***an*** appropriate ***Qualified Health Care Professional***.

6. **HEAT INDEX** (*OSAA Handbook, Executive Board Policies*) ([Heat Index Calculator](#)) ([Heat Index Record](#)) (Fall 2014)

Schools shall monitor the Heat Index for their geographic area prior to practices. Outlined below are the steps that each member school shall take in order to implement this policy. NOTE: Indoor activities where air conditioning is available are not bound by this policy.

- A. **Subscribe.** Athletic directors and coaches shall subscribe to OSAA Heat Index Notifications at <http://www.osaa.org/heat-index>. An OSAA Heat Index Alert is generated for areas where the forecasted high temperature and relative humidity indicate a forecasted heat index that may require practice modifications. Only those areas that have a forecasted heat index of 95 or higher receive alerts. Notifications are sent daily via e-mail and/or SMS to subscribers.
- B. **Designate.** Schools shall designate someone who will take the necessary steps to determine and record the heat index for your geographic area within one hour of the start of each team's practice. This is only necessary on days when the school receives an OSAA Heat Index Alert. Depending on practice schedules, it is possible that the designated person will have to record the heat index multiple times on the same day.
- C. **Calculate.** Within one hour of the start of each team's practice on days when the school receives an OSAA Heat Index Alert, the designated person shall utilize the OSAA Heat Index Calculator to determine the actual heat index.
- D. **Record.** If the actual heat index is 95 or higher, the designated person shall record it using the OSAA Heat Index Record or by printing out a copy to be kept at the school for inspection at the request of the OSAA. A separate record shall be kept for each fall sport at each level. Practice modifications, as necessary, shall also be recorded. If the actual heat index is less than 95, no action is needed.
- E. **Act.** If the actual heat index is 95 or higher, activity should be altered and/or eliminated using the following guidelines:
- 1) **95° to 99° Heat Index** – OSAA Recommendation: Consider postponing practice to later in the day.
    - a) Maximum of five hours of practice.
    - b) Practice length a maximum of three hours.
    - c) Mandatory three-hour recovery period between practices.
    - d) Contact sports and activities with additional equipment - helmets and other possible equipment removed if not involved in contact or necessary for safety.
    - e) Provide ample amounts of water.
    - f) Water shall always be available and athletes should be able to take in as much water as they desire.
    - g) Watch/monitor athletes for necessary action.
  - 2) **100° to 104° Heat Index** – OSAA Recommendation: Postpone practice to later in the day.
    - a) Maximum of five hours of practice.
    - b) Practice length a maximum of three hours.
    - c) Mandatory three-hour recovery period between practices.
    - d) Alter uniform by removing items if possible - allow for changes to dry t-shirts and shorts.
    - e) Contact sports and activities with additional equipment - helmets and other possible equipment removed if not involved in contact or necessary for safety.
    - f) Reduce time of planned outside activity as well as indoor activity if air conditioning is unavailable.
    - g) Provide ample amounts of water.

- h) Water shall always be available and athletes should be able to take in as much water as they desire.
  - i) Watch/monitor athletes for necessary action.
- 3) Above 104° Heat Index – OSAA Recommendation: Stop all outside activity in practice and/or play and stop all inside activity if air conditioning is unavailable.

7. **LIGHTNING SAFETY GUIDELINES** (*OSAA Handbook, Executive Board Policies*) *(Revised Fall 2018)*

**NFHS Position Statements & Guidelines**

A. These guidelines provide a default policy to those responsible or sharing duties for making decisions concerning the suspension and restarting of practices and contests based on the presence of lightning or thunder.

B. **Proactive Planning:**

- 1) Assign staff to monitor local weather conditions before and during practices and contests.
- 2) Develop an evacuation plan, including identification of appropriate nearby safe areas and determine the amount of time needed to get everyone to a designated safe area.
  - a) A designated safer place is a substantial building with plumbing and wiring where people live or work, such as a school, gymnasium or library. An alternate safer place for the threat of lightning is a fully enclosed (not convertible or soft top) metal car or school bus.
- 3) Develop criteria for suspension and resumption of play:
  - a) When thunder is heard or a cloud-to-ground lightning bolt is seen\*, the leading edge of the thunderstorm is close enough to strike your location with lightning. Suspend play for at least 30 minutes and vacate the outdoor activity to the previously designated safer location immediately.
  - b) Thirty-minute Rule. Once play has been suspended, wait at least 30 minutes after the last thunder is heard or lightning is witnessed\* prior to resuming play.
  - c) Any subsequent thunder or lightning\* after the beginning of the 30-minute count will reset the clock and another 30-minute count should begin.
  - d) When lightning detection devices or mobile phone apps are available, this technology could be used to assist in making a decision to suspend play if a lightning strike is noted to be within 10 miles of the event location. However, you should never depend on the reliability of these devices and, thus, hearing thunder or seeing lightning\* should always take precedence over information from a mobile app or lightning detection device.

\*At night under certain atmospheric conditions, lightning flashes may be seen from distant storms. In these cases, it may be safe to continue an event. If no thunder can be heard and the flashes are low on the horizon, the storm may not pose a threat. Independently verified lightning detection information would help eliminate any uncertainty.
- 4) Review annually with all administrators, coaches and game personnel and train all personnel.
- 5) Inform student-athletes of the lightning policy at start of season.

8. **NON-DISCRIMINATION POLICY** (*OSAA Handbook, Executive Board Policies*) **(Complaint Form)** *(Revised July 2019)*

- A. The Oregon School Activities Association does not discriminate on the basis of race, color, religion, sex, sexual orientation, national origin, marital status, age or disability in the performance of its authorized functions, and encourages its member schools, school personnel, participants and spectators to adopt and follow the same policy.
- B. A claim of discrimination against a member school shall be brought directly to the member school of concern.
- C. Any party that believes **they** have been subjected to an incident involving discrimination or discriminatory harassment at an OSAA sanctioned event, may submit a written complaint through the online complaint process provided on the OSAA website. When the coaches, players students, staff or spectators of any members school engage in discriminatory behaviors, or act in a manner disruptive to the school environment, or cause disorder or infliction of damage to persons or property in connection with any festival, meet, contest or championship sanctioned by the Association, the Executive Board may treat such acts as a violation by the school of the Rules of the Association. See Rule 3, "Contests – Sportsmanship – Crowd Control" for additional information.

9. **SHARED FACILITIES** (*OSAA Handbook, Executive Board Policies*) **(Shared Facility Request)** *(Fall 2015)*

Member schools are permitted to share practice and/or competition facilities with other teams with prior approval from the OSAA. Schools requesting a shared facility are required to submit a "Shared Facility Request" for approval prior to the facility

being utilized by different groups at the same time. This policy prohibits practice or competition to or between groups approved to share a facility. It is recommended that each team have their own coaching staff and that staggered practice times be utilized when possible.

**Rule 3 – Contests – Sportsmanship – Crowd Control** (OSAA Handbook, Rules)

- 3.1. The arrangement of all festivals, meets, contests or championships is the responsibility of the superintendent, assistant superintendent or high school principal, subject to the Regulations of the Association.
- 3.2. When a festival, meet, contest or championship is in progress, the National Federation of State High School Associations (NFHS) rules governing such activities shall apply, except for specific deviations as approved by the Executive Board.
- 3.3. **Sportsmanship Responsibility.** The high school **administration**, coach and other responsible officials of each member school shall take all reasonable measures to ensure that the school's coaches, players, students and **spectators** maintain a sportsmanlike attitude **at** all events so that events may be conducted without unreasonable danger or disorder. All cheers, comments and actions shall be in direct support of one's team. **Discriminatory harassment and bullying behavior will not be tolerated. Discrimination is defined as (OAR 581-021-0045(1)(a)) "any act that unreasonably differentiates treatment, intended or unintended, or any act that is fair in form but discriminatory in operation, either of which is based on age, disability, national origin, race, color, marital status, religion, sex, and sexual orientation." Harassing conduct may take many forms, including verbal acts and name-calling; graphic and written statements, which include use of cell phones or the Internet; or other conduct that may be physically threatening, harmful, or humiliating. Examples include but are not limited to hazing, intimidation, taunting, bullying, cyberbullying or menacing another, or engaging in behavior deemed by the member school to endanger the safety or well-being of students, employees, self or others. Harassment does not have to include intent to harm, be directed at a specific target, or involve repeated incidents. Harassment creates a hostile environment when the conduct is sufficiently severe, pervasive or persistent, so as to interfere with or limit the ability to participate in or benefit from the services, activities, or opportunities offered by a school. This includes the use of, or engagement in, abusive verbal expression or physical conduct, especially if that conduct interferes with the performance of students, staff, event officials or sponsors of interscholastic activities.**
- 3.4. **Spectator Conduct.** *The following expectations regarding spectator conduct at all OSAA sanctioned events, including regular and post season competition, are provided. Those violating or threatening to violate the following Association rules or site management spectator conduct expectations, may be ejected from the premises, issued a trespass citation, excluded from sanctioned activities temporarily or permanently and/or referred to law enforcement officials.*
  - 3.4.1. *All cheers, comments and actions shall be in direct support of one's team. No cheers, comments or actions shall be directed at one's opponent or at contest officials. Some examples of unacceptable conduct include but are not limited to disrespecting players by name, number or position; negative cheers or chants; throwing objects on the playing surface; use of derogatory or racially explicit language; discriminatory harassment or conduct that creates a hostile environment that is disruptive to the educational environment.*
  - 3.4.2. *Spectators shall not be permitted to use vulgar/offensive or racially/culturally insensitive language or engage in any racially/culturally insensitive action.*
- 3.5. **Complaint Process.** *The OSAA will sanction schools whom it has found negligent in the duties of reasonably protecting those involved in interscholastic activities from derogatory or inappropriate names, insults, verbal assaults, profanity, ridicule or engaging in behavior deemed by the member school to endanger the safety or well-being of students, employees, self or others.*
  - 3.5.1. *OSAA will acknowledge receipt of the complaint within 48 hours.*
  - 3.5.2. *OSAA may prioritize the investigation of complaints based on information received.*
  - 3.5.3. *Complaints deemed to be employee or student discipline matters only shall be returned to the complainant. Matters of employment and/or employee discipline which can best be resolved through the school district's complaint process include but are not limited to playing time, team level assignments (Varsity/JV), assignment of a student to a specific coach, equipment use, or dissatisfaction with a contract or payment term. Matters of student discipline which can best be resolved through the school district's complaint process include but are not limited to academic eligibility, drug/alcohol use, playing time or playing position, specific workout requirements, or dissatisfaction with a calendar, schedule or event location.*
  - 3.5.4. *Complaints must include the complainant's name and contact information (phone and email or mailing address). Anonymous complaints shall not be considered.*

3.5.5. *Every effort will be made to complete the investigation process within 30 days; however, should the investigation require more time, a 30-day status update shall be provided.*

3.5.6. *To assist in investigation of the complaint, complainants are asked to note the following:*

(a) *Complaints are only accepted on the official online form and each section of the Complaint Form must be completed. [\(Complaint Form\)](#)*

(b) *Complaints which are determined to be outside the scope of the OSAA will be returned to the complainant via the contact address provided. See [Rule 3.5.3](#) for guidance.*

(c) *Whenever possible, provide first-hand accounts, with names and contact information of witnesses.*

3.6. **Sportsmanship Violations/Penalties.** When the coaches, players, students, staff or *spectators* of any member school engage in unsportsmanlike conduct, ***discriminatory harassing behaviors, act in a manner disruptive to the school environment, or cause*** disorder or infliction of damage to persons or property in connection with any festival, meet, contest or championship sponsored by this Association, the Executive Board may treat such acts as a violation by the school of the Rules of the Association ***and the school shall be subject to penalty. Penalties may vary depending on the actions taken by the school and/or school district during and after the event as it relates to trespassing spectators involved, removing players/coaches from the team for a period of time, requiring additional education/training, etc. Upon a ruling by the Executive Director or by the Executive Board the member school may be subject to probation, mandatory appearance before the Executive Board, required plan of action, forfeitures, fines, lack of institutional control penalties, suspension of membership or expulsion from the Association as determined by the Executive Board. The Executive Director or the Executive Board may determine that no penalties are necessary when an incident has been handled appropriately and in a timely fashion by the school and/or district.***

1. Q. Is the host school exclusively responsible for crowd control?

A. No. While the host school for any activity must assume a primary responsibility for the physical management of the activity, including providing for crowd control, this is a mutual responsibility. The visiting school also must take such measures as are necessary to ensure proper behavior on the part of its own students and fans.

2. Q. May home team schools display signs and/or banners at their home venues?

A. Yes, home team schools may display “permanent” signs and/or banners that are positive / supportive at their home venues. Examples are welcome signs, in-season rosters, league banners, league / state championship banners and sportsmanship banners.

3. Q. Are “run through” signs allowed?

A. Yes, so long as the message is positive/supportive.

4. Q. May visiting schools bring signs and/or banners to hang at the host school’s venue?

A. No.

5. Q. ***May spectators have signs at events?***

A. ***Spectators are not permitted to have signs or banners larger than 8-1/2 x 11 inches. “Fathead” type items are considered signs and shall not be larger than 8-1/2 x 11 inches. Spectators are required to wear shirts.***

6. Q. ***May a spectator have an artificial noisemaker?***

A. ***No, spectators are not permitted to have artificial noisemakers. Some examples of artificial noisemakers are Thunder Stix, cowbells, clappers and air horns.***

7. Q. May a school use an artificial noisemaker at specific times during athletic events?

A. In limited cases, yes. An example of an allowable use of artificial noisemakers by a school would be the firing of a cannon or the ringing of a bell after a touchdown is scored.

8. Q. May spectators use small, handheld megaphones?

A. Yes, ***provided they are not electric.*** Only cheerleaders are allowed to use large megaphones. Neither cheerleaders nor spectators may use megaphones for banging on the floor or bleachers.

9. Q. What are some examples of cheers that do not encourage a positive atmosphere?

A. Any yell that is intended to antagonize an opponent detracts from a positive atmosphere. “Air Ball! Air Ball!” booing, “You! You! You!”, or “You Got Swatted!” are examples of yells that will not encourage a positive atmosphere. Conversely, a positive atmosphere is created when fans focus on positive yells in support of their team, rather than on negative yells attacking their team’s opponents. ***Spectators shall not turn their heads or hold up newspapers during team introductions, or jeer at cheerleaders during opposing team introductions.***

10. Q. May students stand on the bottom row of the bleachers?  
A. Yes, but when they sit down, they must be seated on the second row.
11. Q. May students cheer during serves in volleyball and free throws in basketball?  
A. Yes, so long as they are just “making noise” and not specifically addressing a contest official or an individual player from the opposing team.
12. Q. May a school use balloons at an athletic event?  
A. Yes, a host school may use balloons for decoration. However, fans may not have balloons, and balloons may not be placed by the school in any manner that would block spectator viewing.
13. Q. May a school use balloons at a state championship final site?  
A. No.
14. Q. May spectators have oversized foam fingers at athletic events?  
A. Yes, they are allowed so long as they are not blocking spectator viewing.
15. Q. Is the host school exclusively responsible for crowd control?  
A. No. While the host school for any activity must assume a primary responsibility for the physical management of the activity, including providing for crowd control, this is a mutual responsibility. The visiting school also must take such measures as are necessary to insure proper behavior on the part of its own students and fans.
16. Q. May home team schools display signs and/or banners at their home venues?  
A. Yes, home team schools may display “permanent” signs and/or banners that are positive / supportive at their home venues. Examples are welcome signs, in-season rosters, league banners, league / state championship banners and sportsmanship banners.
17. Q. Are “run through” signs allowed?  
A. Yes, so long as the message is positive/supportive.
18. Q. May visiting schools bring signs and/or banners to hang at the host school’s venue?  
A. No.
19. Q. **May spectators have signs at events?**  
A. **Spectators are not permitted to have signs or banners larger than 8-1/2 x 11 inches. “Fathead” type items are considered signs and shall not be larger than 8-1/2 x 11 inches. Spectators are required to wear shirts.**
20. Q. **May a spectator have an artificial noisemaker?**  
A. **No, spectators are not permitted to have artificial noisemakers. Some examples of artificial noisemakers are Thunder Stix, cowbells, clappers and air horns.**
21. Q. May a school use an artificial noisemaker at specific times during athletic events?  
A. In limited cases, yes. An example of an allowable use of artificial noisemakers by a school would be the firing of a cannon or the ringing of a bell after a touchdown is scored.
22. Q. May spectators use small, handheld megaphones?  
A. Yes, **provided they are not electric**. Only cheerleaders are allowed to use large megaphones. Neither cheerleaders nor spectators may use megaphones for banging on the floor or bleachers.
23. Q. What are some examples of cheers that do not encourage a positive atmosphere?  
A. Any yell that is intended to antagonize an opponent detracts from a positive atmosphere. “Air Ball! Air Ball!” booing, “You! You! You!”, or “You Got Swatted!” are examples of yells that will not encourage a positive atmosphere. Conversely, a positive atmosphere is created when fans focus on positive yells in support of their team, rather than on negative yells attacking their team’s opponents. **Spectators shall not turn their heads or hold up newspapers during team introductions, or jeer at cheerleaders during opposing team introductions.**
24. Q. May students stand on the bottom row of the bleachers?  
A. Yes, but when they sit down, they must be seated on the second row.
25. Q. May students cheer during serves in volleyball and free throws in basketball?  
A. Yes, so long as they are just “making noise” and not specifically addressing a contest official or an individual player from the opposing team.
26. Q. May a school use balloons at an athletic event?  
A. Yes, a host school may use balloons for decoration. However, fans may not have balloons, and balloons may not be placed by the school in any manner that would block spectator viewing.

**27. Q.** May a school use balloons at a state championship final site?

**A.** No.

**28. Q.** May spectators have oversized foam fingers at athletic events?

**A.** Yes, they are allowed so long as they are not blocking spectator viewing.

**Rule 7 – Out-of-Season and Non-School Activities** (*OSAA Handbook, Rules*)

**7.1.** Out-of-season festivals, meets, contests or championships shall not be permitted during the school year involving member schools of this Association unless special authorization is given by the Executive Board.

**7.2.** A member school or official representative of a member school shall not participate, either directly or indirectly, in the promotion, management, supervision, player selection, coaching or officiating of an all-star contest involving high school students during the Association year.

**7.3.** No member school or official representative of a member school shall condition participation in high school athletics on participation in non-school athletic events or workouts, including, but not limited to camps, leagues, and any form of organized out-of-season or summer competition. Further, no member school may give consideration to such participation when determining membership on, or participation in, high school competitive athletics.

**1. Q.** May a coach require participation on a non-school team including summer teams or use participation on a non-school team as a factor in selecting members of a school team or allowing full participation in team activities?

**A.** No to both questions. Participation on a non-school team is a personal choice of the student and *their* parents and may not be required or even considered when selecting school team members or allowing full participation in team activities.

**2. Q.** May a coach require participation in out-of-season or summer workouts as a factor in selecting members of a school team or allowing full participation in team activities?

**A.** No.
